AQA Biology A2 EMPA I Waters 2014-06-17 Nail your A2 EMPA. I have taught, marked and moderated A-level ISAs and EMPAs AQA and from this written the only specific guide for this exam. With my knowledge of common mistakes and mark schemes this is an effective and comprehensive guide to the hardest parts of the process - experimental design and statistics. Most get themselves in knots, mainly because their teachers don't really understand it. By reading and understanding the theory, worked examples and finally completing the exam style questions, you will be doing everything you can to get your best marks. As with all exams the same questions keep coming up. Make sure you know what they are AND how to answer them. What educational resources reviewing the use of statistics and the three statistical tests you need to be familiar with for your EM questions on experimental design with exemplar answers based on previous mark schemes. It clearly walks through when each test is used, includes worked examples and then an exam style question with a following mark scheme based on previous papers comprehensively and thoroughly sets you up for task 1 and 2 as well as section A of the written paper. It also gives some in style of questions in section B. What it is not: Written based on having seen this coming year's exam. This is not cheating!
