*The Ruin of All Witches Malcolm Gaskill 2021-11-04 \*SHORTLISTED FOR THE WOLFSON HISTORY PRIZE\* \*A TIMES, SUNDAY TIMES AND BBC HISTORY BOOK OF THE YEAR\* 'A bona fide historical classic' Sunday Times 'Simply one of the best history books I have ever read' BBC History In the frontier town of Springfield in 1651, peculiar things begin to happen. Precious food spoils, livestock ails and property vanishes. People suffer fits and are plagued by strange visions and dreams. Children sicken and die. As tensions rise, rumours spread of witches and heretics, and the community becomes tangled in a web of spite, distrust and denunciation. The finger of suspicion falls on a young couple struggling to make a home and feed their children: Hugh Parsons the irascible brickmaker and his troubled wife, Mary. It will be their downfall. *The Ruin of All Witches* tells the dark, real-life folktale of witch-hunting in a remote Massachusetts plantation. These were the turbulent beginnings of colonial America, when English settlers' dreams of love and liberty, of founding a 'city on a hill', gave way to paranoia and terror, enmity and rage. Drawing on uniquely rich, previously neglected source material, Malcolm Gaskill brings to life a New World existence steeped in the divine and the diabolic, in curses and enchantments, and precariously balanced between life and death. Through the gripping micro-history of a family tragedy, we glimpse an entire society caught in agonized transition between supernatural obsessions and the age of enlightenment. We see, in short, the birth of the modern world. 'A great story, exquisitely told. This book is history at its illuminative best' The Times 'As compelling as a campfire story ... Gaskill brings this sinister past vividly to life' Erica Wagner, Financial Times*

*Dark Tides Philippa Gregory 2020-11-24 #1 New York Times bestselling author of Tidelands—the "searing portrait of a woman that resonates across the ages" (People)—returns with an evocative historical novel tracking the rise of the Tidelands family in London, Venice, and New England. Midsummer Eve 1670. Two unexpected visitors arrive at a shabby warehouse on the south side of the River Thames. The first is a wealthy nobleman seeking the lover he deserted twenty-one years earlier. Now James Avery has everything to offer: a fortune, a title, and the favor of the newly restored King Charles II. He believes that the warehouse's poor owner Alinor has the one thing he cannot buy—his son and heir. The second visitor is a beautiful widow from Venice in deepest mourning. She claims Alinor as her mother-in-law and tells her of the death of Rob—Alinor's son—drowned in the dark tides of the Venice lagoon. Meanwhile, Alinor's brother Ned, in faraway New England, is making a life for himself between in the narrowing space between the jarring worlds of the English newcomers and the American Indians as they move towards inevitable war. Alinor writes to him that she knows—without doubt—that her son is alive and the widow is an imposter. But how can she prove it? Set in the poverty and glamour of Restoration London, in the golden streets of Venice, and on the tensely contested frontier of early America, this is a novel of greed and desire: for love, for wealth, for a child, and for home.*

*Between Two Worlds Richard Hoggart 2001 Now in his 83rd year, Richard Hoggart continues to stand for a set of values which represent liberalism and enlightenment at their best. Though affronted by the educational, cultural and social policies of the 1980s and 90s which flowed from the belief that 'there is no such thing as society' and that market forces should reign untrammelled, he remains equally unimpressed by the those on the left who would reject the legitimacy of democratic politics, historic institutions and literary culture. The essays in this book all the issues which have preoccupied Hoggart over his long and varied career: the role of culture in society, the pleasures of literature and its relevance to our everyday lives, the importance of education, and the ways in which culture, literature and education all influence, and are in turn affected by, politics. Thus, he asks whether museums are inevitably political institutions? Whether we should defend the right to publish 'even hateful stuff'? If social workers have gone so far in identifying with the interests of their 'clients' that they have forgotten that they are employed to serve the interests of society as a whole? He mounts a passionate defence of the*

*A Romance of Two Worlds Marie Corelli 1888 "A Romance of Two Worlds starts with a young heroine, in first person, telling her story of a debilitating illness that includes depression and thoughts of suicide. Her doctor is unable to help her and sends her off on a holiday where she meets a mystical character by the name of Raffello Cellini, a famous Italian artist. Cellini offers her a strange potion which immediately puts her into a tranquil slumber, in which she experiences divine visions. Upon waking, she craves more. Later, she meets her unnamed guardian angel, who whisks her through infinite solar systems faster than a shooting star while human spirits fly by like gossamer silk. He shares the truth of religion and the secret of human destiny, but still she longs for more. She comes to understand God as pure light and pure love, but it is not enough that she should see and hear these things from the touch of an angel. She wants to master this ability on her own and seeks a oneness with God through a series of meditative disciplines while locked away in a monastery."--Wikipedia.*

*Zwischen mir und der Welt Ta-Nehisi Coates 2016-02-01 Wenn in den USA schwarze Teenager von Polizisten ermordet werden, ist das nur ein Problem von individueller Verfehlung? Nein, denn rassistische Gewalt ist fest eingewebt in die amerikanische Identität – sie ist das, worauf das Land gebaut ist. Afroamerikaner besorgten als Sklaven seinen Reichtum und sterben als freie Bürger auf seinen Straßen. In seinem schmerzhaften, leidenschaftlichen Manifest verdichtet Ta-Nehisi Coates amerikanische und persönliche Geschichte zu einem Appell an sein Land, sich endlich seiner Vergangenheit zu stellen. Sein Buch wurde in den USA zum Nr.-1-Bestseller und ist schon jetzt ein Klassiker, auf den sich zukünftig alle Debatten um Rassismus beziehen werden.*

*Between Two Worlds Lilliana Seibert 2010 "I am not going back to that Communist hell. My country is not there anymore." Standing on the deck of a military transport ship, demanding entry into the United States, Pancho Nakashev, a noted Bulgarian pharmacist and inventor, was delivering a speech in broken English on the evils of communism. His daughter Lilliana stepped forward. She knew that defying her father would land her in trouble, but understood that the wrong answer could send them back to the war torn, occupied nation. No, she told the official. My father is here on a three-month visa. We will return to Sofia when his business is concluded. She did not mention his three other children and five grandchildren left behind. She didn't talk about hearing the siren, fleeing their home, or looking back to see their house bombed to rubble. She couldn't speak about how peace was shattered again for her in the safe village they found, after she was claimed by the local gangster. She may have believed that they would someday return to Bulgaria. Despite the hardships, it was the songs she sang with friends and the close family ties she craved. From a privileged, upper class family, she would become a businesswoman at a time when women did not yet run businesses, in a new place called "suburbia." A pampered daughter and teased youngest sister, she would become her parents' sole support and a lifeline to older siblings left behind. As a mother, she*

would not let her own children experience need. As a wife, she would devote herself to the sweet man from a tiny village who one day said "hello" to her at a New York City bus stop. Lilliana Seibert's story, "Between Two Worlds," written just as she turned 88, is a thrilling and vivid account of her many personal experiences, the times in which she lived, and the spirit that sustains us all when we need it the most.

*Living Between Two Worlds* Chika Justin Uzor 2003 Young men preparing for the catholic priesthood in Igboland live between the two often opposing epistemic worlds of their African Igbo people and of the mainly Euro-Christian seminary institution. The embedment in different epistemic traditions can be a source of enrichment. Often, however, they constitute sources of psychological conflict. This conflict is relevant in the process of assessing the suitability of admission to priesthood as well as for pastoral effectivity in an African context. The present work is a contribution to the transcultural Christian message of liberation and salvation.

*Between Two Worlds* Malcolm Gaskill 2014-11-11 In the 1600s, over 350,000 intrepid English men, women, and children migrated to America, leaving behind their homeland for an uncertain future. Whether they settled in Jamestown, Salem, or Barbados, these migrants—entrepreneurs, soldiers, and pilgrims alike—faced one incontrovertible truth: England was a very, very long way away. In *Between Two Worlds*, celebrated historian Malcolm Gaskill tells the sweeping story of the English experience in America during the first century of colonization. Following a large and varied cast of visionaries and heretics, merchants and warriors, and slaves and rebels, Gaskill brilliantly illuminates the often traumatic challenges the settlers faced. The first waves sought to recreate the English way of life, even to recover a society that was vanishing at home. But they were thwarted at every turn by the perils of a strange continent, unaided by monarchs who first ignored then exploited them. As these colonists strove to leave their mark on the New World, they were forced—by hardship and hunger, by illness and infighting, and by bloody and desperate battles with Indians—to innovate and adapt or perish. As later generations acclimated to the wilderness, they recognized that they had evolved into something distinct: no longer just the English in America, they were perhaps not even English at all. These men and women were among the first white Americans, and certainly the most prolific. And as Gaskill shows, in learning to live in an unforgiving world, they had begun a long and fateful journey toward rebellion and, finally, independence
