Protecting Your Children Online Kimberly A. McCabe, PhD, professor of criminology, University of Lynchburg 2017-09-15 Children are very vulnerable and perfect targets to internet crimes, with that new technology present complex challenges for law enforcement agencies and victim service providers. This book provides parents with practical advice to combat internet crimes by identifying the types, risk factors and explanations.

The Deviant Security Practices of Cyber Criminals H.A. van de Sandt 2021-08-09 This is the first book to present a full, socio-technical-legal picture on the security practices of cyber criminals, based on confidential police sources related to some of the world's most serious and organized criminals.

Criminological Theory J. Robert Lilly 2018-10-17 Updated Edition of a Best-Seller! Offering a rich introduction to how scholars analyze crime, Criminological Theory: Context and Consequences moves readers beyond a commonsense knowledge of crime to a deeper understanding of the importance of theory in shaping crime control policies. The Seventh Edition of the authors' clear, accessible, and thoroughly revised text covers traditional and contemporary theory within a larger sociological and historical context. It includes new sources that assess the empirical status of the major theories, as well as updated coverage of crime control policies and their connection to criminological theory.

Introduction to Criminology Frank E. Hagan 2015-12-09 Written by active researcher and bestselling author, Frank E. Hagan, Introduction to Criminology, Ninth Edition is a comprehensive introduction to the study of criminology, focusing on the vital core of criminological theory— theory, method, and criminal behavior. With more attention to crime typologies than most introductory texts, Hagan investigates all forms of criminal activity, such as organized crime, white collar crime, political crime, and environmental crime. The methods of operation, the effects on society and policy decisions, and the connection between theory and criminal behavior are all explained in a clear, accessible manner. All statistics, tables, and figures have been updated, as have the photographs, supplements, and audio and video packages in the new edition to make the material most relevant for your course.

Criminology (Justice Series) Frank Schmalleger 2017-01-04 For courses in Criminology Brief. Affordable. Visual. Criminology provides an affordable, thought-provoking look at criminology that uses clear writing and eye-catching visuals to get your students straight to the important concepts. By focusing on the core concepts, students will gain a true understanding of the material, without becoming overwhelmed with unnecessary information. The book's conversation-starting pedagogy encourages active participation in learning, moving students beyond memorization and engaging them in the latest research findings and current events shaping the field. The Fourth Edition includes updated statistics, an entirely new chapter on victims and victimization, revised Learning Outcomes, and new Putting Criminology to Work boxes which examine evidence-based evaluations of a number of important crime prevention programs. Criminology, Fourth Edition is also available via Revel(tm), an interactive learning environment that enables students to read, practice, and study in one continuous experience.

Criminal Justice Today Schmalleger 2002-07

Criminal Law for Criminologists Noel Cross 2020-03-25 Criminal Law for Criminologists uses theoretical and practical research to bridge the gap between 'the law in the books' (criminal law doctrine) and 'the law in action' (criminal justice process). It introduces the key policies and principles that drive criminal law in England and then explains the law itself in terms of relevant statute and case law. Starting with an outline of the basic principles and theories of criminal law and criminal justice, the author goes on to discuss: Criminal law and criminal justice in

historical perspective, General principles of criminal law, including actus reus and mens rea, Specific types of criminal offence, including property, homicide, sexual, public order and drug offences, An overview of defences to crime, An appendix outlining essential legal skills. In examining the links between the worlds of criminal law and criminal justice, Criminal Law for Criminologists brings a fresh perspective to this field of research. Written in a clear and direct style, this book will be essential reading for students of criminology, criminal justice, law, cultural studies, social theory, and those interested in gaining an introduction to criminal law.

Criminology Steve E. Barkan 2014 Taking a sociological perspective, this book offers award-winning coverage of criminology and highlights issues of race, ethnicity, gender and social class throughout. Criminology: A Sociological Understanding, 6e, provides a sociological perspective on crime and criminal justice by treating social structure and social inequality as central themes in the study of crime--and major factors in society's treatment of criminals. It gives explicit attention to key sociological concepts such as poverty, gender, race, and ethnicity, and demonstrates their influence on crime. Moving beyond simple "get tough" approaches, the book emphasizes the need to understand the social causes of criminal behavior in order to significantly reduce it. This sixth edition continues to include certain chapters that remain uncommon in other criminology texts, including Chapter 2: Public Opinion, the News Media and the Crime Problem; Chapter 11: Violence Against Women; Chapter 14: Political Crime; and Chapter 18: Conclusion: How Can We Reduce Crime? In addition, the book's criminal justice chapters, Chapter 16 (Policing: Dilemmas of Crime Control in a Democratic Society) and Chapter 17 (Prosecution and Punishment), continue to address two central themes in the sociological understanding of crime and criminal justice: (1) the degree to which race and ethnicity, gender, and social class affect the operation of the criminal justice system; and (2) the extent to which reliance on the criminal justice system can reduce the amount of crime. Throughout the text, key concepts are supported with a comprehensive package of pedagogical material and teaching/learning aids. Teaching and Learning Experience This book offers a unique sociological introduction to the field of criminology. It provides: A unique sociological perspective: Emphasizes the need to understand social causes of criminal behavior in order to significantly reduce it Award-winning coverage: Features topics not covered in other introductory criminology texts Strong pedagogical features: Gives students the tools to master key concepts faster and more effectively while saving class preparation quick and easy for instructors

Connecting Sociology to Our Lives Tim Delaney 2015-11-17 Many introductory texts claim to make sociology relevant to student interests. Perhaps no other text has done this so completely - and engagingly - as Connecting Sociology to Our Lives. Tim Delaney not only uses popular and contemporary culture examples, he explains sociology thoroughly within the frame of the contemporary culture of students - a culture shaped by political, economic, and environmental trends just as much as by today's pop stars. This book will help academics to engage their students with sociology through the prism of their own culture. It involves students in critical thinking and classroom discussion through the book's many 'What Do You Think?' inserts, and will inspire them to careers with the book's unique chapter, 'Sociology's Place in Society: Completing the Connection'.

Introduction to Professional Policing K. Pepper 2020-04-10 Policing is a dynamic profession with increasing demands and complexities placed upon the police officers and staff who provide a 24-hour service across a diverse range of communities. Written by experts in police higher education from across both academic and professional practice, this book equips aspiring or newly appointed police constables with the knowledge and understanding to deal with the significant and often complex challenges they face daily. Introduction to Professional Policing explores a selected number of the core underpinning knowledge requirements identified as themes within the evolving National Policing Curriculum (NPC) and Police Education Qualifications Framework (PEQF). These include: The evolution of criminal justice as a discipline Exploration of operational duties The ethics of professional policing Victims and protection of the vulnerable Crime prevention and approaches to counter-terrorism Digital policing and data protection Evidence based decision making Police leadership At the end of each chapter the student finds a case study, reflective questions and a further reading list, all of which reinforces students' knowledge and furthers their professional development. Written in a clear and direct style, this book supports aspiring police constables, newly appointed police constables or direct entry (DE) detectives, as well as those interested in learning more about policing. It is essential reading for students taking a degree in Professional Policing.

Criminal Justice Frank Schmalleger 2019-01-31 NOTE: This loose-leaf, three-hole punched version of the textbook gives students the flexibility to take only what they need to class and add their own notes - all at an affordable price. For introductory courses in criminal justice. The gold standard for criminal justice texts Criminal Justice: A Brief Introduction examines crime in the US with a focus on police, courts, and corrections. Students contemplate the fine line separating freedom from security, and evaluate the strengths and weaknesses of the American justice system. A wealth of Internet resources along with author tweets (@schmalleger) build on central ideas in the text, while keeping pace with changes in a continually changing field. Emphasizing the need for systemic change, the 13th edition includes revised coverage of large-scale crimes pervasive in the US, as well as policing issues and challenges, sentencing guidelines, and state laws redefining the age of criminal responsibility. Criminal Justice: A Brief Introduction, 13th Edition, is also available via Revel(TM) , an interactive learning environment that enables students to read, practice, and study in one continuous experience.

Handbook of Asian Criminology Yanhong Liu 2012-12-09 The Handbook of Asian Criminology aims to be a key reference for international scholars with an interest in the broad theme of international criminology in general, and the Asian region in particular. Contextualization is a key theme in this book. The role of context is often underemphasized in international criminology, so the Handbook of Asian Criminology's premise that crime and the responses to it are best understood as deeply embedded in the cultural specificity of the environment which produces them will play a key role throughout the work. Attention will be given to country- and region specific attitudes towards crime and punishment.

Match-Fixing in International Sports M.R. Haberfeld 2013-11-23 Match -fixing has become a widespread international problem in recent years. It includes everything from bribery of players, to putting undue influences on the owners of the soccer clubs, managers, coaches and others who have the ability to affect the final scores. In addition, match-fixing spills over into the arena of illegal betting (in person and online), which creates a host of additional organized crime opportunities, including human trafficking, prostitution, drugs, extortion and even terrorism. This timely volume brings together international contributions with an aim is to increase awareness of the problems associated with match-fixing and the degree to which key agents in sport, particularly young people, are vulnerable. The contributions are based on INTERPOL's Global Experts Meeting in Singapore, in November 2012, which brought together key speakers to discuss issues surrounding match-fixing and how to combat corruption in football through channels of education. The purpose of this meeting was to identify ways that academia can play a role in developing and implementing training modules and academic courses, including certification procedures, to prevent match-fixing and develop lines of study at all educational levels. This unique work reflects the gravity of the situation around the world together with possible solutions.

The 'Million Dollar Inmate' Heather Ahn-Redding 2007-12-17 What kinds of beliefs do most Americans hold about crime and violence, and where do these beliefs come from? What kinds of people are sent to prison—are the average inmates dangerous criminals, or are they involved in low-level drug-related, property, or public-order offenses? Who is ultimately paying for their time in prison? The 'Million Dollar Inmate' highlights the financial and social costs of America's incarceration of non-violent offenders. With its focus on the specific population of non-violent offenders, this book provides a unique, sociological approach to the problem of handling such a large population at such tremendous costs—paid, for the most part, by taxpayers. Basing her insight on extensive research into the origins of America's correctional systems, the visible and non-visible costs incurred by the practice of incarcerating non-violent offenders, and the goals of the prison system, Heather Ahn-Redding dares to expose flaws in current correctional practices and suggest ways they can be not only changed but also re-envisioned. Ideally suited to researchers, advanced undergraduate students, graduate students, and policymakers.

Crime Control Policy: Oxford Bibliographies Online Research Guide Oxford University Press 2010-05-01 This ebook is a selective guide designed to help scholars and students of criminology find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated. A reader will discover, for instance, the most reliable introductions and overviews to the topic, and the most important publications on various areas of scholarly interest within this topic. In criminology, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide has been created as a tool for cutting through that material to find the exact source you need. This ebook is a static version of an article from Oxford Bibliographies Online: Criminology, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of criminology. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.oxfordbibliographies.com.

Criminology: Theory, Research, and Policy Reynaro Vito 2011-09-29 Criminology: Theory, Research, and Policy, Third Edition uses an interdisciplinary approach to examine and explain how and why crime occurs. Comprehensive coverage of a variety of crimes and leading criminological theories is provided and supported by new, relevant case studies. By making the connection between theory, research, and policy, this revised and updated Third Edition demonstrates the relevancy of criminological theory in the public attempt to control crime while providing justice. The emphasis on these three elements with pertinent discussions and examples is what sets this text apart from other criminology titles. New Material added the revised and updated Third Edition: * New Cybercrime chapter provides cutting-edge information on the illegal use of computers and the internet * New Chapter dedicated to Terrorism * Includes discussion of elder abuse/crimes and human trafficking * Provides new information on White-collar crime * Updated case-studies to reflect relevant crime typologies Additional Features: * Theory in Action boxes throughout the text provide notes that relate theoretical premises to real-world cases and events. * Each chapter contains learning objectives, key terms, and a detailed summary of important points. Instructor Resources: * PowerPoint slides * Test Bank * Instructor Manual with learning objectives

Criminology Today Frank Schmalleger 2018-01-23 For courses in criminology. A thorough, student-friendly

introduction to criminology With a hallmark theme of social problems versus individual responsibility, *Criminology Today: An Integrative Introduction* prompts students to think critically about the causes of crime and the link between crime theories and policies. Real-life stories and up-to-date issues and examples bring to life both historical and modern criminological approaches. The 9th edition provides more coverage of terrorism and cyberterrorism, including an overview of the many types of terrorist groups and the findings and recommendations of special committees and government bodies. *Criminology Today: An Integrative Introduction*, 9th Edition, is also available via Revel(tm), an interactive learning environment that enables students to read, practice, and study in one continuous experience.

Criminology Gennaro F. Vito 2006 Across America, crime is a consistent public concern. The authors have produced a comprehensive work on major criminological theories, combining classical criminology with new topics, such as Internet crime and terrorism. The text also focuses on how criminology shapes public policy.

The Re-Evolution of American Street Gangs D. L. June 2015-09-25 The problem of gangs and gang subculture is a growing threat to the stability of neighborhoods and entire communities. During the past two decades, gang members have increasingly migrated from large urban centers to suburban areas and other countries. This book addresses the intricacies and diversities of street gangs, drawing on the expertise of h

Criminology Today: an Integrative Introduction Elton G. Cohn 2001-07

Criminal Justice and Criminology James F. Anderson 2003 Criminal Justice and Criminology introduces criminal justice and criminology professionals, students (undergraduate and graduate) and others interested in the field, many employment opportunities that are provided by both academic disciplines. The authors provide students a "stop" source with an exhaustive list of over 160 career options.

Murder City Michael Arntfield 2015-06-09 Like the mythic cities of Gotham or Gomorrah, London, Ontario was for many years an unrivalled breeding ground of depravity and villainy, the difference being that its monsters were all too real. In its coming to inherit the unwanted distinction of being the serial killer capital of not just Canada—but apparently also the world during this dark age in the city's sordid history—the crimes seen in London over this quarter-century period remain unparalleled and for the most part unsolved. From the earliest documented case of homicidal copycatting in Canada, to the fact that at any given time up to six serial killers were operating at once in the deceptively serene "Forest City," London was once a place that on the surface presented a veneer of normality while beneath that surface dark things would whisper and stir. Through it all, a lone detective would go on to spend the rest of his life fighting against impossible odds to protect the city against a tidal wave of violence that few ever saw coming and which to this day even fewer choose to remember. With his death in 2011, he took these demons to his grave with him but with a twist—a time capsule hidden in his basement, and which he intended to one day be opened. Contained inside: a secret cache of his diaries, reports, photographs, and hunches that might allow a new generation of sleuths to pick up where he left off, carry on his fight, and ultimately bring the killers to justice—killers that in many cases are still out there. *Murder City* is an explosive book over fifty years in the making, and is the history of London, Ontario as never told before. Stranger than fiction, tragic, ironic, horrifying, yet also inspiring, this is the true story of Ontario under siege, and a book that marks a game changer for the true crime genre.

Criminology For Dummies Steven Briggs 2021-05-18 Explore the world of crime and punishment Police, forensics, and detective stories dominate our TV screens and bookshelves—from fictional portrayals such as *Silence of the Lambs* and *Law and Order* to lurid accounts of real-life super-criminals like Pablo Escobar and Al Capone. As well as being horribly fascinating, knowledge of what makes criminals tick is crucial to governments, who spend billions of dollars each year trying to keep their people safe. Criminology brings disciplines like psychology, biology, and economics together to help police and society solve crimes—and to prevent them before they even happen. The new edition of *Criminology For Dummies* shines a light into the dark recesses of the criminal mind and goes behind-the-scenes to show society's response to crime, putting you right on the mean streets with cops and criminals alike. Along the way, you'll learn everything a rookie needs to survive, including basic definitions of what a crime is and how it's measured; common criminal motivations, thinking, and traits; elementary crime-solving techniques; the effects on and rights of victims; and more. Understand types of crime, from white-collar to organized to terror attacks Follow law-enforcement officials and agencies as they hunt the bad guys Meet key players in criminal justice and see how and why the guilty are punished Check out jobs in the field Whether you plan to enter the criminal justice field or just want to know more about what turns some people to the dark side—and how the thin blue line fights back—this is the perfect guide to criminology basics.

The Practice of Research in Criminology and Criminal Justice Ronet D. Bachman 2016-01-19 *The Practice of Research in Criminology and Criminal Justice*, Sixth Edition continues to demonstrate the vital role research plays by integrating in-depth, real-world case studies with a comprehensive discussion of research methods. By pairing research techniques with practical examples from the field, Ronet D. Bachman and Russell K. Schutt equip students

to evaluate and conduct research. Covering research findings from critical areas in criminal justice, such as police of force, cybercrime, and race, this text helps students understand the importance of research, not just the process. The Sixth Edition of this best-selling text retains the strengths of previous editions while breaking ground with emergent research methods, enhanced tools for learning in the text and online, and contemporary, fascinating research findings. Students engage with the wide realm of new research methods available to them, delve deep into topics relevant to their field of study, and benefit from the wide variety of new exercises to help them practice and learn.

In addition to this access code, you will need a course invite link, provided by your instructor, to register for and use Revel.

Analytical Criminology Karl-Dieter Opp 2020-05-05 There are more than 20 theories that explain crime. Each theory has weaknesses, and no scholar knows which theory is best. To remedy this unsatisfactory situation a new research program of comparative theory testing is proposed. Comparing the theories with each other has not yet been successful. The alternative, suggested in this book, is to show how criminological theories must be modified if they are compared with a general behavioral theory. The book shows under which conditions the major criminological theories provide valid explanations of crime. The latter thus become integrated as parts of the general theory. The general theory that is chosen is a version of the theory of rational action. This is not the problematic version discussed in the literature, but states the real conditions of decision making and, thus, explains when people actually violate the law and remain law-abiding. The general theory is a component of a theoretical approach that explains individual behavior in interaction with societal (macro) conditions. This micro-macro approach is summarized in a proposed structural-cognitive model. This is part of the new program of Analytical Criminology. It suggests empirical theory comparison, process explanations, and micro-macro explanations. The book is not only written for readers who are interested in theories of crime and deviant behavior. It is also a treatise in "analytical" (i.e., rigorous) theory construction and empirical theory comparison.

Criminal Justice Today Frank Schmallegger 2005 In a substantially revised eighth edition, Criminal Justice Today continues to set the standard by which all other introductory criminal justice textbooks are measured. The hallmarks of this new edition are features that have made Criminal Justice Today the most widely read college criminal justice textbook form the past several decades. They include: A thematic approach that contrasts the justice system's twin goals of ensuring public order and safety while guaranteeing individual rights. The book's theme, present since the first edition, is as relevant today and continues to significantly influence the direction of American society. Timely content, including current issues such as efforts to enhance homeland security, concerns about restrictions on individual freedoms in the face of terrorist threats, corporate crime, identity theft, high-technology crime, and special issues such as police in an ever-changing multicultural society. A futures orientation, including a special chapter on the future of criminal justice that points the way to and helps students appreciate the unchanging foundation upon which American criminal justice rests. simple to stay abreast of the latest news, research reports, and government-sponsored studies of relevant issues in the study of criminal justice. The eighth edition also brings exciting new features to Criminal Justice Today. Among them are: Expanded police coverage, including an entirely new chapter on police organization and management. The criminal justice system's response to terrorism, including broad coverage of homeland security issues, the impact of domestic and international terrorism on criminal justice practices and procedures, individual rights in the face of enhanced security; and terrorism prevention, response, and control. Detailed coverage of corporate crime, including possible criminal activities of companies such as Enron, WorldCom, Adelphia, Vivendi Universal, Kmart, Global Crossing, Tyco International, and London-based auction house Sotheby's. Crime mapping, predictive, and enforcement technologies, including CompStat and CopLink software, wearable augmented reality devices, and biometrics. with special graphics provided by the Massachusetts State Police.

Criminology, Crime and Justice in Ireland James Windle 2022-10-11 This book offers an accessible and

comprehensive introduction to criminology in Ireland. Logically structured and clearly written, this book explores theory and empirical research through real-life examples from an Irish context. Engaging and challenging, this book encourages critical thinking about, and understanding of, crime and crime control in Ireland, North and South. The book covers the canon of criminological theory, from classical and psychological approaches right through to the contemporary. It offers an overview of the Irish criminal justice system, including the police, prisons and alternatives to punishment. It covers key criminological themes such as victims and victimology, gender, the drug trade and regulation, terrorism and political violence, and desistance and the life course. Key features include: Critical assessment of key criminological theories, which are later woven into discussions of key thematic areas; Case studies of historical and contemporary Irish events, including the Magdalene Laundries, gangland feuds and the decriminalisation of drugs; Extensive reading lists of key academic texts and relevant Irish literature, movies, music and art. This book is the only comprehensive criminology textbook specifically designed for the Irish undergraduate curriculum. It is essential reading for all criminology students in the Republic of Ireland and Northern Ireland and will also be of interest to postgraduates and academics looking for an overview of Irish Criminology.

Criminal Justice Frank Schmalleger 2017-01-02 For courses in Introduction to Criminal Justice The gold standard for criminal justice texts Criminal Justice: A Brief Introduction, Twelfth Edition, offers a contemporary, authoritative look at crime in America with a focus on police, courts, and corrections. To make information resonant with students, Schmalleger asks readers to consider the balance between freedom and security issues and evaluate strengths and weaknesses of the American justice system as it adapts to cultural, political, and societal change. The wealth of Internet resources along with author tweets (@schmalleger) extends chapter material and provides up-to-date, minute information on this ever-evolving field. Its unifying theme, unmatched timeliness, and coverage of trends and technology make this text the standard by which all other brief texts are judged. Criminal Justice, Twelfth Edition is also available via Revel(tm), an interactive learning environment that enables students to read, practice, and study in one continuous experience. Learn more.

Canadian Criminal Justice Today Frank Schmalleger 2000

Penology Karen Harrison 2019-11-08 This textbook considers the full breadth of the criminal justice system, going beyond prisons to cover other punishments such as out-of-court disposals and community penalties, as well as issues around rehabilitation and reintegration. It offers a holistic and contemporary account of the penal system in England and Wales. Helping students to understanding the ever-changing environment of penal policy and practice, this book not only provides a strong foundation in penal theory but also has a strong focus on actual practice. Author Karen Harrison draws on a number of interviews with people who work within or for agencies associated with the penal system, as well as accounts of prison visits that build a picture of current prison life. Packed with helpful features Penology includes Spotlight profiles of the penal system in countries across the globe. The text also covers a range of specific offenders, examining not just white adult men but women offenders, children and young people and BAME groups. This is essential reading for students in England and Wales studying penology, punishment and prisons at an undergraduate or postgraduate level. It's also offers important insights for students of criminology, criminal justice, law and social science.

Criminology and Public Policy Hugh Barlow 2010-01-25 Examines the links between criminological theory and criminal justice policy and practice.
