Crossing the Boundaries Rick Strelan 2019-02-28 Mark, the shortest of the four gospels, presents Jesus as the Son of God who crosses the religious and social boundaries of his time in order to extend God's rule to include the outsiders and those who are unclean. It continues to challenge readers to follow Christ across the boundaries that separate people. This commentary, like others in the Chi Rho series, uses language that is simple and clear, avoiding technical terms. It gives an explanation of the text that is sound and reliable, easy to understand without being superficial.

The Last Templar Collection: Volume 1 Michael Jecks 2015-02-12 Escape into the evocative medieval world of Sir Baldwin de Furnhill and his friend Bailiff Simon Puttock, as you join them on the suspenseful

trail of three murder mysteries. The Knights Templar Collection brings together three engrossing novels in the widely acclaimed and much-loved Knights Templar series by Michael Jecks. Perfect for fans of C.J. Sansom and Bernard Cornwell. The Mad Monk of Gidleigh (Book 14): As the winter of 1323 descends on Dartmoor, who could blame the young priest, Father Mark, for seeking affection from the miller's daughter, Mary? But when Mary and her unborn child are found dead, Mark is the obvious suspect. Called to investigate, Sir Baldwin de Furnshill and his friend Bailiff Simon Puttock soon begin to have their doubts. And by the time their search is over, life will never be quite the same again. The Templar's Penance (Book 15): It is the summer of 1323, and Sir Baldwin de Furnshill and Bailiff Simon Puttock have been granted leave to go on pilgrimage. When a beautiful girl is found murdered on a hillside en route to Santiago de Compostela, the friends are among the first on the scene. As Baldwin and Simon lend their skills to the inquiry, the unexpected appearance of a face from Baldwin's past could threaten the investigation, as well as the future of Baldwin himself... The Outlaws of Ennor (Book 16): On return from pilgrimage, Sir Baldwin de Furnshill and Bailiff Simon Puttock's ship is attacked by pirates, and Simon sees Baldwin washed overboard. On the island of Ennor, Simon must investigate the murder of the island's hated tax collector while, unbeknownst to his friend, Baldwin begins to unpick the same murder on the other side of the island. Can the pair uncover the truth in time to prevent certain massacre? What readers are saying about The Knights Templar mysteries: 'Michael Jecks is one of the best medieval writers of our times. His two main characters come alive in the imagination when you're reading them' 'The characters are richly drawn and weave in and out of the events of the early 14th century, with Michael Jecks showing great knowledge of the times' 'Good introduction to the series'

Battlefield Walks in the Midlands Brian Conduit 2004 The combination of country walking with visits to battlefields is a most rewarding experience. The Midlands has played a prominent part in the military history of England and the events that form the basis of the 22 walks in this guide range from the 13th to the 20th centuries, from the Battle of Evesham (1265) to the bombing of Coventry (1940).

Migrants and Refugees at UK Borders Yasmin Ibrahim 2022-02-28 This book investigates the hostile environment and politics of visceral and racial denigration which have characterised responses to refugees and migrants within the UK and Europe in recent years. The European 'migrant crisis' from 2015 onwards has been characterised by an extremely intimidating atmosphere which denies the basic humanity of refugees and migrants. Deep rooted in Western Enlightenment trajectory, this racially-driven politics is linked to the Western theories of scientific superiority which went on to become the basis of eugenics and coloniality as part of modernity. Focusing on the 'migrant crisis', Brexit, and the impacts of the global pandemic, this book unpicks the waves of crises and neuroses about the 'Other' in Europe and the UK. The chapters analyse the rhetoric of camps, refrigerated death lorries, the notion of channel crossings and 'accidental' drownings, the formation of relationship with border architecture such as the razor wire, and corporeal resistance in detention centres through hunger strike. In examining such specific sites of rhetorical articulation, policy formation, social imagination, and its incumbent visuality, the chapters deconstruct the intersection of dominant ideologies, power, knowledge paradigms (including the media) as part of the public sphere and their combined re-mediation of the dispossessed humans in the shores and borders of Europe. This important interdisciplinary volume will be of interest to researchers of migration, humanitarianism, geography, global development, sociology and communication studies.

Second Nature Crina Archer 2013-08 This volume examines the nature/politics relationship anew in the wake of recent critiques of the category of "nature." Its essays draw on contemporary and canonical thinkers to reflect on "second nature" as a site or paradigm of political contest and intervene into debates about environmentalism, human rights, and more.

John Wilkes Booth W. C. Jameson 2013-07-16 Leading the reader through
a series of amazing coincidences and details, this book presents
startling evidence that John Wilkes Booth, the assassin of President
Lincoln, was never captured but escaped to live for decades, continue
his acting career, marry, and have children. Compelling and revealing
information in the form of papers and diaries has recently been found
in private collections—materials that provide greater insight into the
events leading up to the assassination of Lincoln as well as details
of the pursuit and capture of the man the government claimed was
Booth.
