For instructors, a fully supportive teaching package does the heavy lifting so you can focus on what you love.

Power and Influence of Economists Jens Maesse 2021-05-23 Economists occupy leading positions in many different sectors including central and private banks, multinational corporations, the state and the media, as well as serving as policy consultants on everything from health to the environment and security. Power and Influence of Economists explores the interconnected relationship between power, knowledge and influence which has led economics to be both a source and beneficiary of widespread power and influence. The contributors to this book explore the complex and diverse methods and channels that economists have used to exert and expand their influence from different disciplinary and national perspectives. Four different analytical views on the role of power and economics are taken: first, the role of economic expert discourses as power devices for the formation of influential expertise; second, the logics and modalities of governmentality that produce power/knowledge apparatuses between science and society; third, economists as involved in networks between academia, politics and the media; and fourth, economics considered as a social field, including questions of legitimacy and unequal relations between economists based on the detention of various capitals. The volume includes case studies on a variety of national configurations of economics, such as the US, Germany, Italy, Switzerland, Greece, Mexico and Brazil, as well as international spaces and organisations such as the IMF. This book provides innovative research perspectives for students and scholars of heterodox economics, cultural political economy, sociology of professions, network studies, and the social studies of power, discourse and knowledge. "The Open Access version of this book, available at <https://www.taylorfrancis.com/books/oa-edit/10.4324/9780367817084>, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license."

Loose-leaf Macroeconomics Brief Campbell McConnell 2009-07-13 McConnell, Brue, and Flynn's Macroeconomics, Brief Edition comes from the same author team as the market-leading Principles of Macroeconomics textbook. It continues to be innovative while teaching students in a clear, unbiased way. Like the 18th edition, Macroeconomics, Brief Edition has 3 main goals: help the beginning student master the principles essential for understanding the economizing problem, specific economic issues, and the policy alternatives; help the student understand and apply the economic perspective and reason accurately and objectively about economic matters; and promote a lasting student interest in economics

and the economy. Although the Brief Edition is a derivative of Macroeconomics 18e, is not a cut-and-paste book that simply eliminates several chapters of Macroeconomics 18e and reorders and rennumbers the retained content. Instead, Macroeconomics, Brief Edition is a very concise, highly integrated economics textbook that is distinct in purpose, style, and coverage from Macroeconomics 18e.

Loose-leaf Macroeconomics Principles Campbell McConnell 2009-07-06 McConnell and Brue's Macroeconomics: Principles, Problems, and Policies is the leading Principles of Macroeconomics textbook. It continues to be innovative while teaching students in a clear, unbiased way. The 18th Edition builds upon the tradition of leadership by sticking to 3 main goals: help the beginning student master the principles essential for understanding the economizing problem, specific economic issues, and the policy alternatives; help the student understand and apply the economic perspective and reason accurately and objectively about economic matters; and promote a lasting student interest in economics and the economy.

Although the Brief Edition is a derivative of Microeconomics 18e, is not a cut-and-paste book that simply eliminates several chapters of Economics 18e and reorders and rennumbers the retained content. Instead, Microeconomics, Brief Edition is a very concise, highly integrated economics textbook that is distinct in purpose, style, and coverage from Microeconomics 18e.

Essentials of Economics Stanley Brue 2009-01-05 Building on the tremendous success of their best-selling Principles of Economics text, Brue, McConnell, and Flynn have revised their one-semester text to provide a fresh alternative. This 18-chapter textbook utilizes clear and careful language along with pedagogy and topic discussion suited to the needs of one-semester course.. Brue/McConnell/Flynn is a patient, substantive treatment of micro and macro economics for the one-semester course with many up-to-date, motivating examples.

Wirtschaft für Dummies Sean Masaki Flynn 2022-02-17 Angebot und Nachfrage, Rezession und Inflation sind Begriffe, die täglich und nicht nur im Wirtschaftsteil der Tageszeitung auftauchen. Aber was verbirgt sich hinter diesen Begriffen? Und was versteht man unter Makro- und Mikroökonomie? Welche Faktoren führen zu einer Inflation, warum gibt es Rezessionen und, last but not least, warum lieben Ökonomen freie Märkte und Konkurrenz? Sean Masaki Flynn gibt die Antworten auf diese Fragen und bringt Ihnen damit die Grundzüge der Wirtschaft näher.

Why Not Capitalism? Jason F. Brennan 2014-06-05 Most economists believe capitalism is a compromise with selfish human nature. As Adam Smith put it, "It is not from the benevolence of the butcher, the brewer, or the baker, that we expect our dinner, but from their regard to their own interest." Capitalism works better than socialism, according to this thinking, only because we are not kind and generous enough to make socialism work. If we were saints, we would be socialists. In *Why Not Capitalism?*, Jason Brennan attacks this widely held belief, arguing that capitalism would remain the best system even if we were morally perfect. Even in an ideal world, private property and free markets would be the best way to promote mutual cooperation, social justice, harmony, and prosperity. Socialists seek to capture the moral high ground by showing that ideal socialism is morally superior to realistic capitalism. But, Brennan responds, ideal capitalism is superior to ideal socialism, and so capitalism beats socialism at every level. Clearly, engagingly, and at times provocatively written, *Why Not Capitalism?* will cause readers of all

political persuasions to re-evaluate where they stand vis-à-vis economic priorities and systems—as they exist now and as they might be improved in the future.

McConnell, Economics AP Edition Stanley L. Brue 2014-01-29

Einführung in die Kultur- und Kunstökonomie Peter Bendixen 2011-05-03 Die wirtschaftliche Basis kultureller Einrichtungen ist mehr denn je zu einem öffentlichen Problem geworden: Verstärkte Anstrengungen sind notwendig, um kulturellen Verlust zu vermeiden, wenn Kunst, Künstler und kulturelle Einrichtungen in wachsendem Maße direkt oder indirekt unter das Diktat des Marktes fallen. Sinnvolle Gestaltung von Marktbeziehungen, die vom Respekt gegenüber der Eigenbedeutung der Kultur bestimmt wird, kann andererseits denkbare Wege eröffnen, staatlicher Bevormundung zu entkommen und dennoch nicht vor dem Kommerz einzuknicken. Es geht darum kulturpolitisch gegenzusteuern und die Signale des heraufkommenden Wandels kulturell mitzugestalten. Voraussetzung dafür ist ein vertieftes Verständnis der Wirkungsbeziehungen zwischen Kultur und Wirtschaft. Das Buch bietet Ansätze und Anregungen aus kulturökonomischer Sicht, die die orthodoxe Wirtschaftslehre der Neo-Klassik und des Neo-Liberalismus hinter sich lassen.

International Economics, Globalization, and Policy: A Reader Philip King 2009 "International Economics, Globalization, and Policy: A Reader, Fifth Edition provides a unique collection of articles by leading economists. With articles drawn from scholarly sources or written especially for this edition, King and King present a balanced look at a wide variety of topics such as outsourcing, the environment, trade deficits, and financial crises. Whether used alone or packaged with a McGraw-Hill/Irwin economics text, International Economics, Globalization, and Policy has all the features you need in a reader."--BOOK JACKET.

Public Finance Laurence Seidman 2008-09-26 Public Finance is an approachable text designed with students in mind. The 13 chapters are intentionally written to be taught easily in one semester without skipping material or losing any information. Public Finance contains all the necessary tools and core chapters that are integral to any Public Finance course in a clear and easy-to-read format. The concise sections and lucid examples are engaging for students, without being dense or tedious. This First Edition text incorporates research from across the discipline and provides empirical tie-ins to the real world. The author also covers special topic chapters that define public finance, like education, social security, and healthcare.

Naked Economics Charles Wheelan 2012 Warum zahlt der Mann, der im Flugzeug neben Ihnen sitzt, so viel mehr für seinen Sitzplatz (oder auch viel weniger), obwohl er doch dieselbe Strecke zurücklegt und dasselbe Essen serviert bekommt? Was haben Finanzmärkte und Investmentstrategien mit einer Diät gemeinsam? Welchen Platz und Nutzen haben staatliche Einflussnahmen in der ökonomischen Realität der freien Marktwirtschaft? Welche Rolle spielen die amerikanische Fed und verwandte Institutionen wie die Europäische Zentralbank in Bezug auf Inflation und Wirtschaftswachstum? Täglich begegnen uns solche und andere wirtschaftliche Phänomene und häufig stoßen wir an unsere Grenzen, wenn es darum geht, die aufgeworfenen Fragen zu beantworten. Dieses Buch führt Sie durch die wichtigsten Konzepte der Wirtschaft und stellt sie bar der mathematischen Komplexität auf so intuitive und unterhaltsame Weise dar, dass Sie es nicht mehr aus der Hand legen wollen. Ein Buch, das zugleich unterhält, lehrt und provoziert.

Economics + Economy 2009 Update Campbell McConnell 2009-07-17 McConnell and Brue's Economics: Principles, Problems, and Policies is the leading Principles of Economics textbook. It continues to be innovative while teaching students in a clear, unbiased way. The 18th Edition builds upon the tradition of leadership by sticking to 3 main goals: help the beginning student master the principles essential for understanding the economizing problem, specific economic issues, and the policy alternatives; help the student understand and apply the economic perspective and reason accurately and objectively about economic matters; and promote a lasting student interest in economics and the economy.

International Handbook on Teaching and Learning Economics Gail Mitchell Hoyt 2012 The International Handbook on Teaching and Learning Economics is a power packed resource for anyone interested in investing time into the effective improvement of their personal teaching methods, and for those who desire to teach students how to think like an economist. It sets guidelines for the successful integration of economics into a wide variety of traditional and non-traditional settings in college and graduate courses with some attention paid to primary and secondary classrooms. . . The International Handbook on Teaching and Learning Economics is highly recommended for all economics instructors and individuals supporting economic education in courses in and outside of the major. This Handbook provides a multitude of rich resources that make it easy for new and veteran instructors to improve their instruction in ways promising to excite an increasing number of students about learning economics. This Handbook should be on every instructor's desk and referenced regularly. D Tawni Hunt Ferrarini, The American Economist In delightfully readable short chapters by leaders in the sub-fields who are also committed teachers, this encyclopedia of how and what in teaching economics covers everything. There is nothing else like it, and it should be required reading for anyone starting a teaching career D and for anyone who has been teaching for fewer than 50 years! D Daniel S. Hamermesh, University of Texas, Austin, US The International Handbook on Teaching and Learning Economics provides a comprehensive resource for instructors and researchers in economics, both new and experienced. This wide-ranging collection is designed to enhance student learning by helping economic educators learn more about course content, pedagogic techniques, and the scholarship of the teaching enterprise. The internationally renowned contributors present an exhaustive compilation of accessible insights into major research in economic education across a wide range of topic areas including: ¥ Pedagogic practice D teaching techniques, technology use, assessment, contextual techniques, and K-12 practices. ¥ Research findings D principles courses, measurement, factors influencing student performance, evaluation, and the scholarship of teaching and learning. ¥ Institutional/administrative issues D faculty development, the undergraduate and graduate student, and international perspectives. ¥ Teaching enhancement initiatives D foundations, organizations, and workshops. Grounded in research, and covering past and present knowledge as well as future challenges, this detailed compendium of economics education will prove an invaluable reference tool for all involved in the teaching of economics: graduate students, new teachers, lecturers, faculty, researchers, chairs, deans and directors.

5 Steps to a 5 AP Macroeconomics, 2014-2015 Edition Eric Dodge 2013-07-30 Presents a study plan to build knowledge and confidence, discusses study skills and strategies, provides one diagnostic exam and two practice exams, and includes a review of the core concepts.

hand.

Decentralization for Satisfying Basic Needs - 2nd Edition. Michael McGuire 2010-03-01 More than one in every five Latin Americans lives on less than \$2 a day, and Latin America is the most unequal region in the world. The book tackles the problem of poverty and inequality in Latin America through the novel approach of using the decentralization of government functions to satisfy the basic needs of the poor. Decentralization can bring government closer to the people and strengthen the voice of the voiceless. Satisfying basic needs for services such as education and health care enhances productivity and imparts an indispensable opportunity to earn an income sufficient to emerge from poverty and to live a full life. Part 1 describes the poverty and inequality of Latin America and the Basic Needs Approach to Development. Part 2 introduces a model of decentralization as a step-by-step process, and it shows the policymaker how to implement decentralization in stages through matching its various degrees with real-world circumstances. Part 3 enriches the understanding of policymakers by analyzing real-world cases of decentralization in light of the decentralization model. The second edition includes two new chapters that cover the important but often neglected topic of taxation for inclusive development. Chapter 8 analyzes the influential tax advice of the World Bank in terms of its effect on decentralization and the satisfaction of basic needs. Appendix B of Chapter 8 presents an empirical analysis in support of the chapter's argument that the Bank's policy is in need of revision. Chapter 9 analyzes the effects of the World Bank's tax advice on El Salvador's tax reform and development process. Two other chapters have been extensively updated: Chapter 6 records and analyzes the rapid evolution of Mexico's Oportunidades program for health, education and nutrition, and Chapter 10 evaluates the progress of the United States' innovative program for foreign aid, The Millennium Challenge Account. Throughout the book, tables and references have been updated.

Macroeconomics, Brief Edition Campbell McConnell 2009-02-20 McConnell, Brue, and Flynn's Macroeconomics, Brief Edition comes from the same author team as the market-leading Principles of Macroeconomics textbook. It continues to be innovative while teaching students in a clear, unbiased way. Like the 18th edition, Macroeconomics, Brief Edition has 3 main goals: help the beginning student master the principles essential for understanding the economizing problem, specific economic issues, and the policy alternatives; help the student understand and apply the economic perspective and reason accurately and objectively about economic matters; and promote a lasting student interest in economics and the economy. Although the Brief Edition is a derivative of Macroeconomics 18e, is not a cut-and-paste book that simply eliminates several chapters of Macroeconomics 18e and reorders and renumbers the retained content. Instead, Macroeconomics, Brief Edition is a very concise, highly integrated economics textbook that is distinct in purpose, style, and coverage from Macroeconomics 18e.
