Most Used Shorthand Words and Phrases Robert Gregg 2022-11 Gregg shorthand is a form  
of shorthand that was invented by John Robert Gregg in 1888. Like cursive longhand, it is

completely based on elliptical figures and lines that bisect them. Gregg shorthand is the most popular form of pen stenography in the United States; its Spanish adaptation is fairly popular in Latin America. With the invention of dictation machines, shorthand machines, and the practice of executives writing their own letters on their personal computers, the use of shorthand has gradually declined in the business and reporting world. However, Gregg shorthand is still in use today.
