Programming Stata

Write the command as a program ::end in a do-file. 2. do the do-file before you use the new command. 3. Use the new command during the rest of the session. There are more convenient ways to do this that would automatically load the do-file, but put that aside. The above method would work. Another way we could use do-files and programs together is to put the definition ...

An Introduction to corpus Linguistics - University of Michigan Press

Even better, we can apply our expert-user intuition to find the answers. We're intimately connected to the language; after all, we speak it every day, right? An exercise may help here. For example, O'Keeffe, McCarthy, and Carter (2007, p. 32) studied a frequency list from a 10 million-word corpus and discovered that the 2,000 most frequent words in the corpus ...

Making Annotations: A User's Guide - ReadWriteThink

Making Annotations: A User's Guide As you work with your text, consider all of the ways that you can connect with what you are reading. Here are some suggestions that will help you with your annotations: Define words or slang; make the words real with examples from your experiences; explore why the author would have used a particular word or ...
