Pioneers, Passionate Ladies, and Private Eyes Larry E Sullivan 2013-02-01 Despite efforts of contemporary reformers to curb the availability of dime novels, series books, and paperbacks, Pioneers, Passionate Ladies, and Private Eyes reveals how many readers used them as means of resistance and how fictional characters became models for self-empowerment. These literary genres, whose value has long been underestimated, provide fascinating insight into the formation of American popular culture and identity. Through these mass-produced, widely read books, Deadwood Dick, Old Sleuth, and Jessie James became popular heroes that fed the public's imagination for the last western frontier, detective tales, and the myth of the outlaw. Women, particularly those who were poor and endured hard lives, used the literature as means of escape from the social, economic, and cultural suppression they experienced in the nineteenth century. In addition to the insight this book provides into texts such as "The Bride of the Tomb," the Nick Carter Series, and Edward Stratemeyer's rendition of the Lizzie Borden case, readers will find interesting information about: the roles of illustrations and covers in consumer culture Bowling Green's endeavor to digitize paperback and pulp magazine covers bibliographical problems in collecting and controlling series books the effects of mass market fiction on young girls Louisa May Alcott's pseudonym and authorship of three dime novels special collections competition among publishers A collection of work presented at a symposium held by the Library of Congress, Pioneers, Passionate Ladies, and Private Eyes makes an outstanding contribution to redefining the role of popular fiction in American life.

The Life and Death of Adolf Hitler Robert Payne 2016-10-05 In The Life And Death of Adolf Hitler, biographer Robert Payne unravels the tangled threads of Hitler's public and private life and looks behind the caricature with the Charlie Chaplin mustache and the unruly shock of hair to reveal a Hitler possessed of immense personal charm that impressed both men and women and brought followers and contributions to the burgeoning Nazi Party. Although he misread his strength and organized an ill-fated youth, Hitler spent his months in prison writing Mein Kampf, which increased his following. Once in undisputed command of the Party, Hitler renounced the chastity of his youth and began a sordid affair with his niece, whose suicide prompted him to reject forever all conventional morality. He promised anything to prospective supporters, then cold-bloodedly murdered them before they could claim a share of the power he reserved for himself. Once he became Chancellor, Hitler step by step bent the powers of the state to his own purposes to satisfy his private fantasies, rearming Germany, slaughtering his real or imaginary enemies, blackmailing one by one the leaders of Europe, and plunging the world into the holocaust of World War II. THE LIFE AND DEATH OF ADOLF HITLER is the story of not so much a man corrupted by power as a corrupt man who achieved absolute power and used it to an unprecedented degree, knowing at every moment exactly what he was doing and calculating his enemies' weaknesses to a hair's breadth. It is the story of a living man.

Occupational Outlook Handbook 2006 Describes 250 occupations which cover approximately 107 million jobs.

The Internationalisation of Copyright Law Catherine Seville 2006-11-23 Technological developments have shaped copyright law's development, and now the prospect of endless, effortless digital copying poses a significant challenge to modern copyright law. Many complain that copyright protection has burgeoned wildly, far beyond its original boundaries. Some have questioned whether copyright can survive the digital age. From a historical perspective, however, many of these 'new' challenges are simply fresh presentations of familiar dilemmas. This book explores the history of international copyright law, and looks at how this history is relevant today. It focuses on international copyright during the nineteenth century, as it affected Europe, the British colonies (particularly Canada), America, and the UK. As we consider the reform of modern copyright law, nineteenth-century experiences offer highly relevant empirical evidence. Copyright law has proved itself robust and flexible over several centuries. If directed with vision, Seville argues, it can negotiate cyberspace.

Office 2008 for Macintosh Jim Elferdink 2008-03-20 Provides information on using Microsoft Office 2008 with a Mac, covering the features and functions of Word, Entourage, Calendar, Excel, and PowerPoint.

Office 2008 for Macintosh: The Missing Manual Jim Elferdink 2008-03-20 Still the top-selling software suite for Mac users, Microsoft Office has been improved and enhanced to take advantage of the latest Mac OS X features. You'll find lots of new features in Office 2008 for Word, Excel, PowerPoint and Entourage, but not a page of printed instructions to guide you through the changes. Office 2008 for Macintosh: The Missing Manual gives you the friendly, thorough introduction you need, whether you're a beginner who can't do more than point and click, or a power user who's ready to tackle a few advanced techniques. To cover Word, Excel, PowerPoint and Entourage, this guide gives you four superb books in one -- a separate section each for program! You can manage your day and create professional-looking documents, spreadsheets, and presentations in no time. Office 2008 has been redesigned so that the windows, toolbars, and icons blend in better with your other Mac applications. But there are still plenty of oddities. That's why this Missing Manual isn't shy about pointing out which features are gems in the rough -- and which are duds. With it, you'll learn how to: Navigate the new user interface with its bigger and more graphic toolbars Use Word, Excel, PowerPoint, and Entourage separately or together Keep track of appointments and manage daily priorities with the My Day feature Create newsletters, flyers, brochures, and more with Word's Publishing Layout View Build financial documents like budgets and invoices with Excel's Ledger Sheets Get quick access to all document templates and graphics with the Elements Gallery Organize all of your Office projects using Entourage's Project Center Scan or import digital camera images directly into any of the programs Customize each program with power-user techniques With Office 2008 for Macintosh: The Missing Manual, you get objective and entertaining instruction to help you tap into all of the features of this powerful suite, so you can get more done in less time.

Self-Publishing Road Map RJ Crayton 2015-04-01 Everything you need to know about self-publishing in one handy volume. More than a million books are self-published each year, and most disappear into the ether, seen by only a few. So, how do you self-publish your book and have it make a ripple in this giant self-publishing pond? Designed for use by both the beginner and moderately experienced person, The Self-Publishing Road Map offers practical guidance to make your self-publishing journey a success. The book discusses how to ready your book for publication, where and how to publish online, how to get reviews, and how to market your title. This book gives you all the steps you need to successfully complete your self-publishing goals. This isn't a get-rich-quick book, or a promise of untold riches. This is practical advice that pays off what you put into it. If you're ready to start your self-publishing journey, or already started and want somebody to ride shotgun and navigate, this is the book for you. Buckle up. It's time to go!

The Primary English Encyclopedia Margaret Mallett 2012 "This newly updated, user friendly encyclopedia explains concepts, aims and current requirements in all aspects of the primary English curriculum and is an invaluable reference for all training and practising teachers. Now in its fourth edition, entries have been updated to take account of new research and thinking and now reflect the requirements of the new Primary National Curriculum and particularly The Communication, Language and Literacy Development element. The approach is critical but constructive and supportive of the reflective practitioner in developing sound subject knowledge and good classroom practice. The encyclopedia includes: - over 600 entries, including new entries on English in the Early Years, bilingualism, SEN, the use of the internet, synthetic phonics and many more - short definitions of key concepts - succinct explanations of current UK requirements - extended entries on major topics such as speaking and listening, reading, writing, drama, poetry, bilingualism and children's literature - input on new literacies and new kinds of texts for children - discussion of current issues and some input on the history of English teaching in the primary years - gender and literacy - important references for each topic, advice on further reading and accounts of recent research findings - a Who's Who of Primary English and lists of essential texts, updated for this new edition. This encyclopedia will be ideal for student teachers on BA and PGCE courses preparing for work in primary schools and primary school teachers"--

Behind the Scenes in the Vintage Years\*Torrens\* Arthur Bourne 2016-12-05 Arthur Bourne was at the centre of British motorcycling from 1923-1951. This is his fascinating story. Back in the 1920s, there were more motor cyclists than car drivers, records were being broken every month at the Brooklands race track in Surrey, roads were empty and motorbikes constantly broke down. Arthur Bourne, who used the pseudonym 'Torrens' for readers of the best-selling weekly The Motor Cycle, was in the thick of the game. He had the good luck to be Engineer to The Auto-Cycle Union and the-then, not yet 26, editor of a famous motorcycling journal. This is his story of what it was like to ride hundreds of miles round Britain on reliability trials - essential for manufacturers to claim that their bikes were worth buying - and how he provided weekly guidance for thousands of youngsters on two wheels. He writes of Brooklands, and of TT races on the Isle of Man: of his encouragement to young engineers like Edward Turner and Phil Vincent: and of how, in the Second World War, he enabled the airborne forces at Arnheim to be equipped with lightweight motorcycles that could be dropped by parachute or flown in by glider. For anyone interested in motorbikes and the people who rode them, when British manufacturing was at its apogee, this is a unique testimony. Motor cycles were fashionable. The Duke of York, later to be George V1 and his wife Elizabeth, later known as Queen Elizabeth, the Queen Mother, were among the enthusiasts. It was an exciting era, recalled

by 'Torrens' near the end of his life, in a good journalist's prose. Behind the Scenes in the Vintage Years is a unique and fascinating record of an unrepeatable era in British motorcycling and engineering history. It contains many black and white pictures which bring this area of the past to life.

Edward Arnold Bryan Bennett 2014-05-19 Edward Arnold: 100 Years of Publishing presents a comprehensive examination of the life of Edward Augustus Arnold. It discusses the developments that his publishing company achieved. It addresses the remarkable contributions of the person in the publishing industry. Some of the topics covered in the book are the important events that happen from the year 1890 to 1899. The events that occurred in the year 1900 to 1918 are fully covered. An in-depth account of the events that occurred in the year 1919 to 1930 is provided. The events that occurred in the year 1930 to 1945 are completely presented. A chapter is devoted to the events that occurred in the year 1945 to 1960. Another section focuses on the events that occurred in the year 1961 to 1977. The events that occurred in the year 1978 to 1987 are perfectly narrated. The book can provide useful information to historians, students, and researchers.

Willing's Press Guide 2000 "A guide to the press of the United Kingdom and to the principal publications of Europe, Australia, the Far East, Gulf States, and the U.S.A.

The Left Bank Herbert Lottman 1998-11-15 This story begins in the Paris of the 1930s, when artists and writers stood at the center of the world stage. In the decade that saw the rise of the Nazis, much of the thinking world sought guidance from this extraordinary group of intellectuals. Herbert Lottman's chronicle follows the influential players—Gide, Malraux, Sartre, de Beauvoir, Koestler, Camus, and their pro-Fascist counterparts—through the German occupation, Liberation, and into the Cold War, when the struggle between superpowers all but drowned out their voices. "Surprisingly fresh and intense. . . . A retrospective travelogue of the Left Bank in the days when it was the setting for almost all French intellectual activity. . . . Absorbing."—Naomi Bliven, New Yorker "As an introduction to a period in French history already legendary, The Left Bank is superb."—Michael Dirda, Washington Post Book World "An intellectual history. A history of the interaction between politics and letters. And a rumination on the limitless credulity of intellectuals."—Christopher Hitchens, New Statesman

Newspaper Journalism Peter Cole 2009-11-13 Are newspapers faced with an existential threat or are they changing to meet the challenges of a digital world? With the newspaper's role in a state of fundamental redefinition, Newspaper Journalism offers a timely and up to the minute analysis of newspapers today, in the context of their historical importance to society. Drawing on their extensive experience in academia and also across local, national, mainstream and alternative newspapers, Cole and Harcup write clearly and engagingly from both industry and scholarly perspectives, and contend that, far from dying, newspapers are doing what they have always done: adapting to a changing environment. This text is essential reading for all students of the press, with comprehensive and critical coverage of the most important debates in the study of newspaper journalism - from ethics and investigative journalism to political economy and the future of the industry. Given the shifting boundaries and central importance of newspapers, it will be of interest to all students of journalism and the media. Praise for the Journalism Studies: Key Texts series: 'It is easy to describe a good textbook for a specific journalistic format... The ideal book has to satisfy a list of requirements that are also bullet-pointed in journalism assignment outlines. A text has to: synthesize the existing body of knowledge; explain concepts clearly; have a logical order of topics; and provide enough information and directions to pursue further study. One may also hope it would include real life examples and be lucid, vivid and a pleasure to read. Hard to find? Not anymore. The new SAGE series Journalism Studies: Key Texts satisfies the main requirements on the list. Carefully planned and meticulously edited by Martin Conboy, David Finkelstein and Bob Franklin, the textbook series is a welcome contribution to the literature of journalism studies... All three books follow the same structural template: an overview of historical development; explication of the political and economic frameworks within particular types of journalism; a review of contemporary practices; social demographics; a comparative analysis of practices around the world; a summary of main conceptual approaches; an indication of future directions; recommendations for further reading. This strong organization resembles a template for a course outline. This is intentional because the series is aimed both at students and their practice-based lecturers, who often come straight from industry and need time to adjust to the academic environment... [The series] achieves its aim to bridge the sometimes too evident dissonance between journalism theory and practice... They successfully situate discussions about journalism in social and historical contexts. We see the faces of individual journalists, the circumstances of news production, the relationship with owners, the battle between the public service and the profit nature of news, the relevance of journalism work. The detailed account of the conditions under which newspaper, radio and alternative journalism is produced and performed make the Journalism Studies: Key Texts series mandatory reading for both journalism students and their lecturers' - Verica Rupar, Journalism Studies

Encyclopedia of the American Indian Movement Bruce E. Johansen 2013-04-09 A vivid description of the people, events, and issues that forever changed the lives of Native Americans during the 1960s and 1970s—such as the occupation of Alcatraz, fishing-rights conflicts, and individuals such as Clyde Warrior. • Compares American Indian content to Black, Latino, and Asian civil-rights movements at the same historical era • Relates the activities of the American Indian Movement to those of many regional groups that were active at the same time • Draws connections between activities in the 1960s and 1970s to outcomes today, such as a ban on Navajo uranium mining, development of reservation infrastructure, and reclamation of many Native languages

The Impact of Digital Technology on Contemporary and Historic Newspapers Hartmut Walravens 2008-01-01 The papers brought together in this highly actual book are grouped around three themes. Not only the physical and digital preservation of newspapers are treated, but also the service and access models that are currently under development: examples are provided, with a focus on Southeast Asia. Moreover the dynamism of online newspapers is discussed. This volume contains cutting-edge information which is indispensable for the modern newspaper librarian. Also researchers, educators and journalists may benefit from the introduction to current aspects of the important medium.

Senoia Carla Cook Smith 2021-09-06 In 1828, a large group of South Carolina natives migrated to the eastern part of Coweta County, Georgia, following the land lottery of 1827. By 1860, Rev. Francis Warren Baggarly had purchased the Willow Dell settlement and renamed it Senoia. The Atlanta, Birmingham & Atlantic and the Central of Georgia rail lines provided four passenger trains for the city near the turn of the 20th century and are credited for Senoia's boom in commerce, which created the need for a hotel in 1906. By 1989, Georgia was ranked third behind New York and Los Angeles in movie production. Riverwood Studios was merely a concept when Paul Lombardi learned about the 120 acres for sale in Senoia that he would later purchase for a studio. Thirty-five miles from the Atlanta airport, Senoia has served as an excellent location for filming, and the city has over 25 film productions to its credit, including Fried Green Tomatoes and The Walking Dead.
