They Came for Savages Ngaire Douglas 1996 "... The first comparative history of tourism development in the Pacific Islands. It deals with three countries which are near neighbours of Australia -- Papua New Guinea, Solomon Islands and Vanuatu -- and traces the growth of tourism from the pioneer cruises to the region offered by Burnes Philip & Co. to the latter-day development of the islands as part of the Pacific's "pleasure periphery". The images which helped define the area for travellers are examined, as are the contributions made by Melanesians to regional tourism. The title of the book pays homage to an early, influential work of Melanesian history, Dorothy Shineberg's "They came for sandalwood".

Virtual-Office Tools for a High-Margin Practice David J. Drucker 2010-05-18 Tired of spending more time with filing cabinets than with clients? Is overhead eating up margins? Now, two leading financial planners and columnists deliver the help advisers have been begging for. Virtual-Office Tools for a High-Margin Practice is a nontechnical trove of technology, clever workarounds, and procedural efficiencies tailored to help financial advisers move toward a paperless office, while still complying with SEC record-keeping requirements. The authors show planners how to reduce the amount of paperwork in their offices by 99 percent, slash overhead, and find anything they need in one minute or less by adapting innovative software tools and shifting from on-site employees to remote assistants and virtual work partners. Until now, creative ways of working this smart were hard to come by. With this book, they are available, ready to go, and easy to implement.
