Birmingham Pal Jerry Carter 2012-02-29 In the summer of 1914, our finest young men flocked to the colors in the towns and cities to answer Lord Kitcheners Call to Arms in a spontaneous burst of enthusiasm and patriotism. They were appealed to their sense of adventure and offered an escape from the humdrum life of office, factory and mill. They volunteered with brothers, cousins, friends and work mates. The newly formed units became the focus of local

soon became known as the Pals. The City of Birmingham formed three such battalions with over 3,000 local volunteers. This book tells their story. Birmingham Pals is a story that covers the full range of human experience in war—the high and bravery, the misery and tedium of trench life, the exhilaration, terror and slaughter involved in going over the top. In all, it is a story of interest to people of all backgrounds and ages, as a tale of comradeship, which, for many survivors, lasted a life time.

The Penguin Pocket Dictionary of Babies' Names David Pickering 2005-08-25 What's in a name? Rather more than you might at first suspect, for names are steeped in history and myth and have much to tell us about our past, our personality traits. The Penguin Pocket Dictionary of Babies' Names takes a close look at 3500 names, explaining their origins and meanings, showing how some have changed in popularity and use over time and providing all the diminutive forms. Part of Penguin's major new series of reference titles ranging from Spanish and French dictionaries to books on spelling and quotations.

Durham Pals John Sheen 2007-03-29 A history of four battalions of the Durham Light Infantry raised in the County of Durham during the First World War. The 18th (Pals) were the first troops of Kitchener's new army to come under fire, when they were bombed at Hartlepool in December 1914. The 19th were raised as Bantams and the 20th (Wearside) were raised by the Sunderland Recruiting Committee. The 22nd, the last raised became a pioneer Battalion but fought as infantry throughout 1918. The book covers raising, training and active service of the Battalions. The 18th were in action on 1 July 1916 when they supported the Leeds and Bradford Pals. After fighting at Messines in June 1917 the 20th went to the Italian front, losing its Bantams in 1917, the 19th Battalion fought on and distinguished itself in the advance in Flanders in the latter months of 1918. The 22nd Battalion had such a hard time in March and April 1918 that it was rebuilt and again almost wiped out before being disbanded in June 1918.

Art Chantry Speaks Art Chantry 2015-06-22 There used to be a time when designers were trained in the history of design and composition. Now you just buy a fuckin' piece of software and now you've become a designer. "Art Chantry . . . Luddite?" asks a Rhode Island School of Design poster promoting a Chantry lecture. "Or is he a graphic design heretic?" asks another. For decades this avatar of low-tech design has fought against the cheap and easy use of digital software. Chantry's designs, using expired technology, and his inspired use of Xerox machines and X-Acto blade cuts of printed material, created a unique style during the grunge period and beyond. Chantry's designs were published in *Some People Can't Surf: The Graphic Design of Art Chantry* (Chronicle Books), exhibited at the Seattle Art Museum, the Rock and Roll Hall of Fame, the Museum of Modern Art, the Smithsonian, and the Louvre. More recently, Chantry has drawn upon his extraordinary collection of twentieth-century graphic art to create compelling histories of the forgotten and unknown on essays he has posted on his Facebook page. These essays might lionize the unrecognized illustrators of screws, wrenches, and pipes in equipment catalogs. Other posts might reveal how some famous artists were improperly recognized. *Art Chantry Speaks* is the most opinionated art history you've always wanted to read but were never assigned.

Real World Print Production with Adobe Creative Suite Applications Claudia McCue 2010-04-14 Contrary to popular belief, print is not dead! With all the interest in online publishing here in the 21st century, it's easy to lose sight of the fact that information is still widely disseminated through the good old medium of print. The advent of desktop publishing has given new levels of power and control to the layout artist and graphic designer, but it hasn't made the process of getting a perfect print foolproof. Sometimes managing the disparate elements of fonts, images, colors, and more, while dealing with the quirks of page-layout applications makes even the bravest designer and production editor long for the hands-on control of moveable type. Creating a great layout on your monitor is only half the battle; how do you make it work on paper? Production expert Claudia McCue takes on the challenge of putting ink to paper, offering clear, authoritative guidance.

print professionals and anyone else who has been frustrated by the obstacles of getting electronic documents to print perfectly. This new edition of Claudia's classic book is now fully Adobe-centric, and shows readers how to use the applications in the Adobe Creative Suite 4 together to create and produce great print documents. Use Photoshop and Illustrator to create raster and vector images, and combine them with text in InDesign to create eye-catching and professional page layouts. Learn the ins and outs of fonts, and gain a better understanding of how ink and paper work together to "preflight" or prepare your job for submission to a printer to make sure the printing process goes off without a hitch. Popular Science 1981-03 Popular Science gives our readers the information and tools to improve their technology and the world. Jeffrey Hunter Paul Green 2014-04-28 Jeffrey Hunter is best remembered today for his roles as half-breed Martin in John Ford's classic western *The Searchers* (1956), as Jesus Christ in Nicholas Ray's *King of Kings* (1961) and as Christopher Pike, the first captain of the U.S.S. *Enterprise*, in the original *Star Trek* pilot. This work chronicles Hunter's entire film and television career from his beginnings as a 20th Century-Fox contract player to his untimely death at the age of 42. Fellow 20th Century-Fox contract player Robert Wagner provides the Foreword and contributes a chapter of working with Hunter. Former vice president and head of Desilu Studios Herbert F. Solow discusses Hunter's role in the original *Star Trek* pilot and Lloyd J. Schwartz shares his memories of being present at Hunter's audition for the role of Brady in *The Brady Bunch* (1969). Hunter's "lost" film *Strange Portrait* (1966) is also discussed in detail and his theatre career highlighted.

Liverpool Pals Graham Maddocks 2008-01-30 Liverpool Pals, is a record of duty, courage and endeavour of a group of men who, before war broke out in 1914, were the backbone of Liverpool's commerce. Fired with patriotism, over 4,000 businessmen volunteered in 1914 and were formed into the 17th, 18th, 19th and 20th (Service) Battalions of the Liverpool Regiment; they were the first of all the Pals battalions to be raised, and they were the last to be stood down. It is commonly held that the North of England's Pals battalions were wiped out on the 1st July, 1916, certainly this was the case for a number of units, but the Liverpool Pals took all their objectives on that day. From then on they fought all through the Battle of Arras and the muddy hell of Passchendaele in 1917, and the desperate defence against the German offensive of March 1918.

Tower Stories: An Oral History of 9/11 (20th Anniversary Commemorative Edition) Damon DiMarco 2021-08-17 Damon DiMarco's *Tower Stories: An Oral History of 9/11 (20th Anniversary Commemorative Edition)*, eternally preserves the monumental tragedy in American history through the voices of the people who were in New York City on that fateful day. At the same time, the individuals featured in the book speak to the myriad ways by which Americans rose to meet the challenge presented by 9/11, and celebrates the many heroes that are found within its pages. In the tradition of Studs Terkel, this literary time capsule includes a wide variety of viewpoints, including: The small group of people who miraculously survived the fall safely down from the 89th floor of Tower 1, the New York Times reporter who desperately fought her way through the crowds to get back into Lower Manhattan, the paramedic who set up a triage area 200 yards from the base of the towers before they collapsed, and the bereaved citizens of New York City who struggled to get on with their lives in the months following the tragic event, among dozens of others. The original edition of *Tower Stories* was one of the most and most critically acclaimed books on 9/11 ever published, and for this 20th Anniversary Commemorative Edition DiMarco has conducted additional interviews that offer a contemporary perspective on the 9/11 tragedy. The individuals interviewed for the new edition include: • Alice Greenwald (President and CEO of the 9/11 Memorial & Museum) • Jim Martin (New York Times bestselling author) • Tom Haddad (survivor of the 89th floor, Tower 1) • Stephen Adly Guiaffré (Pulitzer Prize-winning playwright). The 20th Anniversary Commemorative Edition of DiMarco's moving oral history

preserves all of the voices from the original edition for generations to come, while offering new insights that be twenty years of reflection on the world-shattering event. The voices in Tower Stories are in turn haunting and h always emotional, yet ultimately heroic. It's no wonder that MSNBC called Tower Stories "Arguably the most suc attempt at capturing the enormity of the events of 9/11," while Publishers Weekly wrote that "DiMarco's contri memory of that horrific day is enormous; the testimonies collected here form a one-of-a-kind account."
