Introductory Econometrics Humberto Barreto 2005-12-26 This highly accessible and innovative text with supporting web site uses Excel (R) to teach the core concepts of econometrics without advanced mathematics. It enables students to use Monte Carlo simulations in order to understand the data generating process and sampling distribution. Intelligent repetition of concrete examples effectively conveys the properties of the ordinary least squares (OLS) estimator and the nature of heteroskedasticity and autocorrelation. Coverage includes omitted variables, binary response models, basic time series, and simultaneous equations. The authors teach students how to construct their own real-world data sets drawn from the internet, which they can analyze with Excel (R) or with other econometric software. The accompanying web site with text support can be found at www.wabash.edu/econometrics.

Realizing Genjokoan Shohaku Okumura 2010-07-06 "Dogen's masterpiece is beautifully translated and clarified in an equally masterful way. An obvious labor of love based on many years of careful study, reflection, and practice that succeeds in bringing this profound text to life for us all." Larry Rosenberg, author of *Breath by Breath* "An unequalled introduction to the writings of the great Zen master Eihei Dogen that opens doors to Dogen's vast understanding for everyone from newcomer to adept." Jisho Warner, co-editor of *Opening the Hand of Thought* "Realizing Genjokoan is a stunning commentary on the famous first chapter of Dogen's *Shobogenzo*. Like all masterful commentaries, this one finds in the few short lines of the text the entire span of the Buddhist teachings. Okumura has been contemplating, studying, and teaching the Genjokoan for many decades, which is evident in both the remarkable insight he brings to the text and the clarity with which he presents it." *Buddhadharma: The Buddhist Review* "This book is a treasure. Though many quite useful translations of Genjokoan are already available, as well as helpful commentaries, this book goes beyond. I have been considering Genjokoan for thirty-five years, and still I enjoyed many helpful revelations in this book. For all people interested in Zen, this book will be a valuable and illuminating resource. Please enjoy it." from the foreword by Taigen Dan Leighton, editor and co-translator of *Dogen's Extensive Record* "A clear and concise commentary on one of Dogen's most difficult pieces." Brad Warner, author of
