The Wind Is Never Gone M. Carmen G ó mez-Galisteo 2011-07-29 More than seventy years after its publication in 1936, Margaret Mitchell's *Gone with the Wind* has never been out of print. An icon of American culture, it has had similar success abroad, popular in Japan, Russia, and post-World War II Europe, among other places and times. This work analyzes the continuations of Mitchell's novel: the authorized sequels, *Scarlett* by Alexandra Ripley and *Rhett Butler's People* by Donald McCaig; the unauthorized parody *The Wind Done Gone* by Alice Randall and a politically correct parody; and the many fan fiction stories posted online. The book also explores *Gone with the Wind's* ambiguous ending, the perceived need to publish an authorized sequel, and the legal battle to determine who may re-write *Gone with the Wind*.

The Winds of War Herman Wouk 2013-12-05 Herman Wouk's sweeping epic of World War II, which begins with *THE WINDS OF WAR* and continues in *WAR AND REMEMBRANCE*, stands as the crowning achievement of one of America's most celebrated storytellers. Like no other books about the war, Wouk's spellbinding narrative captures the tide of global events - the drama, the romance, the heroism and the tragedy of World War II - as it immerses us in the lives of a single American family drawn into the very centre of the maelstrom.

Gender and the American Temperance Movement of the Nineteenth Century Holly Berkley Fletcher 2007-12-12 During the nineteenth century, the American temperance movement underwent a visible, gendered shift in its leadership as it evolved from a male-led movement to one dominated by the women. However, this transition of leadership masked the complexity and diversity of the temperance movement.

Through an examination of the two icons of the movement -- the self-made man and the crusading woman -- Fletcher demonstrates the evolving meaning and context of temperance and gender. Temperance becomes a story of how the debate on racial and gender equality became submerged in service to a corporate, political enterprise and how men's and women's identities and functions were reconfigured in relationship to each other and within this shifting political and cultural landscape.

The Margaret Mitchell Encyclopedia Anita Price Davis 2014-01-10 Atlanta writer Margaret Mitchell (1900–1949) wrote *Gone with the Wind* (1936), one of the best-selling novels of all time. The Pulitzer Prize-winning novel was the basis of the 1939 film, the first movie to win more than five Academy Awards. Margaret Mitchell did not publish another novel after *Gone with the Wind*. Supporting the troops during World War II, assisting African-American students financially, serving in the American Red Cross, selling stamps and bonds, and helping others—usually anonymously—consumed her. This book reveals little-known facts about this altruistic woman. The Margaret Mitchell Encyclopedia documents Mitchell's work, her life, her impact on Atlanta, the city's memorials to her, her residences, details of her death, information about her family, the establishment of the Margaret Mitchell House against great odds, and her relationships with the Daughters of the Confederacy and the Junior League.

The Newsman Dick McMichael 2005 This is the story of a small town Southern boy who grows up to be a local television icon. Following Dick McMichael's life from the early years of radio to today's television, we experience the great changes in the industry and the country. We also learn how he grew up in the segregated South and ended up working with a black female co-anchor who owes her first break in TV news to him. It is an inside look at the stresses and pressures that shape the broadcast newsrooms of America. It begins shortly after radio broadcasting began in the United States. "You could say that broadcasting and I grew up together. Radio broadcasting was born in Columbus in 1928 in a dressing room of the brand-new Royal Theater when WRBL went on the air. I was born two years later." We move with young Dick through the tough years of the Great Depression when his family's small home was crowded with relatives who needed some place to stay until work could be found again, through World War Two when he saw his big brother, brother-in-law and first cousin head overseas with the U.S. Army, while he, as a Boy Scout, collected old newspapers for the war effort. All of this is paralleled by changes in the world of broadcasting. We follow his career from the time he was a seventeen-year-old radio announcer, to the height of his radio career at WSB in Atlanta, and to his television days in Columbus, Atlanta and Columbia, South Carolina. We see him get into hot water and almost fired as a result of his investigative reporting at one station. We get a firsthand look at what goes on inside the walls of broadcast newsrooms, and how economics affects the way news is covered and reported. We see both sides of the organized labor movement as he, on one hand, represents his fellow members in a union contract negotiation with one station, and, on the other hand, when he is on the other side of the fence as a vice president of news when a union tries to organize the staff at another station. Dick McMichael has seen the way broadcast news has changed from its inception until right now. He has seen entertainment and commercial considerations triumph over serious journalism. He has also suffered personal tragedies, losing his dear wife to a chronic disease, but he has also has children and grandchildren to enjoy. His story is important because television news affects every one of us everyday. Not just network television news, but the hundreds of local television news operations that reach and affect just as many or even more people. He was honored by the Georgia Association of Broadcasters with the 2004 "GAB Broadcaster of the Year" Gabby Award.
