

The Wisdom Of Whores Bureaucrats Brothels And Business Aids Elizabeth Pisani

As recognized, adventure as skillfully as experience practically lesson, amusement, as competently as promise can be gotten by just checking out a book *The Wisdom Of Whores Bureaucrats Brothels And Business Aids Elizabeth Pisani* in addition to it is not directly done, you could understand even more in relation to this life, almost the world.

We have the funds for you this proper as without difficulty as easy pretentiousness to acquire those all. We come up with the money for *The Wisdom Of Whores Bureaucrats Brothels And Business Aids Elizabeth Pisani* and numerous ebook collections from fictions to scientific research in any way. in the middle of them is this *The Wisdom Of Whores Bureaucrats Brothels And Business Aids Elizabeth Pisani* that can be your partner.

[The Sex Effect](#) Ross Benes 2017-04-04 A gripping exploration of the relationship between sex and our society, with a foreword by bestselling author A.J. Jacobs Why do political leaders become entangled in so many sex scandals? How did the U.S. military inadvertently help make San Francisco a mecca of gay culture? And what was the original purpose of vibrators? Find out the answers to all these questions and more as journalist Ross Benes delves into the complicated relationship between everyday human life—including religion, politics, and technology—and our sexuality. Drawing on history, psychology, sociology, and more, *The Sex Effect* combines innovative research and analysis with captivating anecdotes to reveal just how much sex shapes our society—and what it means for us as humans as we continue to struggle with the wide-ranging effects our sexuality has on the world around us.

Gender, Sexuality, and Syphilis in Early Modern Venice L. McGough 2010-11-30 A unique study of how syphilis, better known as the French disease in the sixteenth and seventeenth centuries, became so widespread and embedded in the society, culture and institutions of early modern Venice due to the pattern of sexual relations that developed from restrictive marital customs, widespread migration and male privilege.

Der weibliche Eunuch Germaine Greer 2000

Civil Society Organizations and the Global Response to HIV/AIDS Julia Smith 2016-11-03 Why has the response to HIV/AIDS been unique? How did civil society organizations gain access to global decision-making forums to demand exceptional attention and resources for HIV/AIDS? This book seeks to answer these questions, among others, through a critical international relations approach that enquires into the role of civil society in global health governance. It documents how civil society forged the initial response to HIV/AIDS within a rights-based paradigm, and built international networks. It analyses why civil society was able to gain the right to participate in global health institutions and assesses what influence civil society representatives have within these institutions, particularly focusing on outcomes related to institutional legitimacy and downward accountability. It then discusses changes in the broader political economy of global health and how HIV/AIDS organizations have, or have not, adapted to these shifts. Finally the book tells the story of the many struggles civil society

organizations have engaged in to advance a rights-based response to HIV/AIDS, the transformations achieved and the resistance experienced.

Sex and the Intelligence of the Heart Julie McIntyre 2012-04-26 Explores how Nature underlies sexuality and intimacy • Examines how to regain intimacy in our relationships in a way that embraces our hidden wild nature and restores the sacred to our lives • Provides sacred sex and intimacy-building practices for partners and exercises to reconnect with the intuitive intelligence of the heart, remove our emotional armor, and cultivate a deeper relationship with the Earth • Shows how by healing our relationship with Nature and our sexuality, we move toward healing the whole planet Nature is having sex all the time--that's one of the reasons we feel so alive when we are immersed in it. Sexuality is essential to the sensation of Nature in your own body, of connecting to the piece of Earth closest to you--your own flesh and bones. Many a couple has been overcome by passion while walking in the woods or on the beach; many a soul has found solace or epiphany in Nature. Living in accordance with Nature depends on you being your true, whole self--a sexual, sensual, erotic, fully alive human being. Exploring the territory of intimacy, sacred sex, and emotional healing as a journey to wholeness, Julie McIntyre examines the sacred relationship between sexuality and the Earth and reveals how to create deep, lasting intimacy with your lover by recapturing the wild, spontaneous, natural sexuality that is your birthright. Detailing the process of moving from your head to the secret garden of your heart, she provides exercises to heal your psyche of old emotional trauma, reconnect with the intuitive intelligence of the heart, and cultivate a deeper relationship with the Earth in order to trust yourself and become vulnerable and open with your lover and thus truly intimate. She shows how there is a direct relationship between our beliefs and values about sex and intimacy and our beliefs and values about the environment and the Earth. She reveals how, by healing our separation from Nature and our sexuality, we can bring the sacred back into our lives, shape our own ecstatic sexual experiences, and move toward healing the whole planet.

I Heart Sex Workers Lia Claire Scholl 2013-03-15 Paying for sex - engaging in "the oldest profession" - is everywhere, even in your church. The factors leading individuals into sex work are as varied as hair colors, yet sex workers are viewed as powerless individuals who must be rescued. *I Heart Sex Workers* offers another perspective, one where the characters defy stereotypes and solutions are hard to find. Author Lia Scholl firmly believes the Christian response to sex work should be one of building agency for women, through education, through fighting injustice, by listening to the voices of sex workers. *I Heart Sex Workers* examines the forces leading individuals into prostitution, whether through coercion, choice, or circumstance. And it provides a Christian response, answering the question, "Are you my neighbor?" How do we respond to woman trading sex for a place to live tonight when she asks, "Where will I sleep?" This book discusses these issues and many more.

HIV Scale-Up and the Politics of Global Health Nora J Kenworthy 2017-10-02 The global expansion of HIV programming (HIV "scale-up") and the growth of global health in the past decade reshaped politics, power, civic relations, and citizen subjectivities in countries across the globe. This book draws on interdisciplinary research from numerous sites in the Global South to examine the political dimensions of HIV and global health programming. The chapters reflect extensive methodological diversity and geographic range, yet exhibit striking resonance with the book's core themes. Collectively, the authors paint a complex global portrait of a unique period in the social history of HIV, as the pandemic enters its fourth decade, and the global response reaches its peak. The book contemplates "scale-up" (and, subsequently,

"scale-down") as an object of analysis and an historical shift in the politics of response to global crisis. Ultimately, HIV/AIDS campaigns provide a template for the broader expansion of global health projects and institutions. These transnational shifts and expansions necessitate further critical evaluations across social science and public health disciplines. By collecting diverse perspectives on the political legacies of HIV and global health, this book provides a unique history of the present, cataloguing emerging practices and policies that will have long-term social impacts. This book was originally published as a special issue of *Global Public Health*.

Pharmaceutical Autonomy and Public Health in Latin America Matthew B. Flynn 2014-12-05 Brazil has occupied a central role in the access to medicines movement, especially with respect to drugs used to treat those with the human immunodeficiency virus (HIV) that causes the acquired immune deficiency syndrome (AIDS). How and why Brazil succeeded in overcoming powerful political and economic interests, both at home and abroad, to roll-out and sustain treatment represents an intellectual puzzle. In this book, Matthew Flynn traces the numerous challenges Brazil faced in its efforts to provide essential medicines to all of its citizens. Using dependency theory, state theory, and moral underpinnings of markets, Flynn delves deeper into the salient factors contributing to Brazil's successes and weaknesses, including control over technology, creation of political alliances, and instrumental use of normative frameworks and effectively explains the ability of countries to fulfill the prescription drug needs of its population versus the interests and operations of the global pharmaceutical industry. *Pharmaceutical Autonomy and Public Health in Latin America* is one of the only books to provide an in-depth account of the challenges that a developing country, like Brazil, faces to fulfill public health objectives amidst increasing global economic integration and new international trade agreements. Scholars interested in public health issues, HIV/AIDS, and human rights, but also to social scientists interested in Latin America and international political economy will find this an original and thought provoking read.

AIDS, Behavior, and Culture Edward C Green 2016-06-16 *AIDS, Behavior, and Culture* presents a bold challenge to the prevailing wisdom of "the global AIDS industry" and offers an alternative framework for understanding what works in HIV prevention. Arguing for a behavior-based approach, Green and Ruark make the case that the most effective programs are those that encourage fundamental behavioral changes such as abstinence, delay of sex, faithfulness, and cessation of injection drug use. Successful programs are locally based, low cost, low tech, innovative, and built on existing cultural structures. In contrast, they argue that anthropologists and public health practitioners focus on counseling, testing, condoms, and treatment, and impose their Western values, culture, and political ideologies in an attempt to "liberate" non-Western people from sexual repression and homophobia. This provocative book is essential reading for anyone working in HIV/AIDS prevention, and a stimulating introduction to the key controversies and approaches in global health and medical anthropology for students and general readers.

HIV / AIDS, Health and the Media in China Johanna Hood 2011-01-25 HIV/AIDS is an increasingly serious problem in China. This book explores HIV/AIDS, its portrayal in China's media, and the implications for public health policy. It discusses how many Chinese wrongly believe themselves to be immune, with infection only a possibility for other ethnic groups with perceived lower moral standards.

Schulden David Graeber 2012-04-27 Ein radikales Buch im doppelten Wortsinn, denn Graeber packt das Problem der Schulden an der Wurzel, indem er bis zu ihren Anfängen in

der Geschichte zurückgeht. Das führt ihn mitten hinein in die Krisenherde unserer Zeit: Von der Antike bis in die Gegenwart sind revolutionäre Bewegungen immer in Schuldenkrisen entstanden. Graeber sprengt die moralischen Fesseln, die uns auf das Prinzip der Schulden verpflichten. Denn diese Moral ist eine Waffe in der Hand der Mächtigen. Die weltweite Schuldenwirtschaft ist eine Bankrotterklärung der Ökonomie. Der Autor enttarnt Geld- und Kredittheorien als Mythen, die die Ökonomisierung aller sozialen Beziehungen vorantreiben. Im Kern ist dieses Buch ein hohes Lied auf die Freiheit: Das sumerische Wort » amargi « , das Synonym für Schuldenfreiheit, ist Graeber zufolge das erste Wort für Freiheit in menschlicher Sprache überhaupt. David Graeber ist einer der Begründer der Occupy-Bewegung.

Routledge International Handbook of Sex Industry Research Susan Dewey 2018-11-26
Illuminatus! Robert Shea 2006

Politics in the Corridor of Dying Jennifer Chan 2015-03-01 Politics in the Corridor of Dying makes specific policy recommendations for the future while revealing how AIDS activism around the world has achieved much more than increased funding, better treatment, and more open clinical trial access: by forcing controlling entities to democratize, activists have changed the balance of power for the better and helped advance permanent social change.

Rural Women's Sexuality, Reproductive Health, and Illiteracy Gisele Maynard-Tucker 2014-12-11 Rural Women's Sexuality, Reproductive Health, and Illiteracy examines the intimate lives of women in the developing world, their sexuality, and views on family planning and gender inequality. Providing insights on cultural traditions and understanding of modern medicine, it is essential for public health and anthropology scholars and practitioners.

Intimate Interventions in Global Health Rachel Sullivan Robinson 2017-05-11 This book considers the response to the HIV epidemic in sub-Saharan Africa by examining family planning programs and HIV prevention efforts.

More than Words Mia Sheridan 2022-04-29 Starkomponist. Bad Boy. Der Junge, den sie nie vergessen konnte. Als Teenager teilten Jessie und Callen ihre Träume und Hoffnungen miteinander. Doch an dem Tag, als sie sich zum ersten Mal küsst, verschwand Callen einfach aus Jessies Leben. Jahre später erfährt sie, dass ihm der Durchbruch als Filmkomponist gelungen ist. Sie ahnt jedoch nicht, dass Callen auf dem Weg ist, sich selbst zu zerstören. Als sie sich zufällig in Frankreich treffen, ist die alte Anziehung sofort wieder da. Aber Jessie spürt, dass Callen im Innern genauso tief verletzt ist wie sie selbst. Damit ihre Liebe eine Chance hat, müssen sie sich den Dämonen ihrer Kindheit stellen, die sie damals voneinander getrennt haben ... "Ich habe mich Hals über Kopf in dieses Buch verliebt. Ich habe schon beim Prolog Tränen vergossen. Jetzt muss ich alle anderen Bücher der Autorin lesen!"
EYE HEART ROMANCE

Doing Qualitative Research in Politics Angela Kachuyevski 2018-03-05 This volume offers unique perspectives on how to engage in methods of inquiry in Political Science. Applying the debate in the field over the validity of qualitative methods, the authors illustrate how various methodological approaches are both rigorous and empirically rich. Each of the chapters consists of a particular methodological approach that offers useful insight into pressing political problems important for policy and for theory building. Drawing upon both positivist and interpretive approaches, the chapters illustrate how to engage in qualitative research involving case studies, content analysis and ethnography, each outlining the "doing" part of research. The volume is theoretically, thematically and geographically diverse, important for students and scholars across the field.

AIDS in Pakistan Ayaz Qureshi 2017-10-17 This book is the first full-length study of HIV/AIDS

work in relation to government and NGOs. In the early 2000s, Pakistan's response to HIV/AIDS was scaled-up and declared an area of urgent intervention. This response was funded by international donors requiring prevention, care and support services to be contracted out to NGOs - a global policy considered particularly important in Pakistan where the high risk populations are criminalized by the state. Based on unparalleled ethnographic access to government bureaucracies and their dealings with NGOs, Qureshi examines how global policies were translated by local actors and how they responded to the evolving HIV/AIDS crisis. The book encourages readers to reconsider the orthodoxy of policies regarding public-private partnership by critiquing the resulting changes in the bureaucracy, civil society and public goods. It is a must-read for students, scholars and practitioners concerned with neoliberal agendas in global health and development.

Barbalien: Red Planet--From the World of Black Hammer Jeff Lemire 2021-05-11 A groundbreaking new sci-fi action series in the world of the Eisner Award-winning Black Hammer universe, about prejudice, honor, and identity. Mark Markz has found his place on Earth as both a decorated police officer and as the beloved superhero, Barbalien. But in the midst of the AIDS crisis, hatred from all sides makes balancing these identities seem impossible--especially when a Martian enemy from the past hunts him down to take him back, dead or alive. Collects Barbalien: Red Planet #1-#5.

Im Zeichen des Saturn Susan Sontag 2003

Anatomien Hugh Aldersey-Williams 2013-07-29 Unser Körper: Wir sprechen ständig über ihn. Er inspiriert uns zu großer Kunst, er beschäftigt die Wissenschaft, und die spannendsten Geschichten drehen sich um ihn. Er ist der Quell aller Vergnügungen. Doch erst wenn wir krank werden, wird uns das komplizierte Gebilde aus Fleisch, Knochen und Flüssigkeiten wirklich bewusst. Auf der Suche nach Kulturgeschichten vom Körper begibt sich Hugh Aldersey-Williams auf einen Streifzug durch Naturwissenschaft, Kunst, Literatur und Alltag. Das Buch des Bestsellerautors aus Großbritannien ist eine Schatzkammer überraschender Fakten und Anekdoten - über die Physiologie der Engel, elektrische Knochen und den wahren Sitz der Seele: in der Leber.

Building a People-Oriented Security Community the ASEAN way Alan Collins 2013-05-07 ASEAN has declared its intention to create a security community in Southeast Asia that is people-orientated. This book evaluates ASEAN's progress, and in doing so examines three matters of concern. The book firstly looks at the importance of constitutive norms to the workings of security communities, by identifying ASEAN's constitutive norms and the extent to which they act as a help of hindrance in establishing a security community. It then moves on to how ASEAN has interpreted people-orientated as empowering civil society organisations to be community stakeholders. The book discusses the uncertainty between how ASEAN envisages their role, and the role they themselves expect to have. Civil society actors are seeking to influence what sort of community evolves and their ability to interact with the state elite is evaluated to determine what interpretation of people-oriented is likely to emerge. Thirdly, in order to make progress ASEAN has sought to achieve cooperation among its member states in functional areas. The book examines this interest in functional cooperation through case studies on human rights, HIV/AIDS and disaster management. By discussing the notion of ASEAN being people-orientated, and how it engages with 'the people', the book provides important insights into what type of community ASEAN is building, as well as furthering our understanding on security communities more broadly.

Speaking Rights to Power Alison Brysk 2013-09-19 How can "Speaking Rights to Power" build

political will to respond to human rights abuse? Through dozens of cases, this book shows how communication politics build recognition, solidarity, and social change. The book presents an innovative analysis of human rights rhetoric: strategic use of voice, framing, media, performance, and audience.

The World of Black Hammer Library Edition Volume 3 Jeff Lemire 2021-07-20 In Colonel Weird: Cosmagog, sanity-challenged space adventurer Colonel Weird embarks on a strange journey through space and time for something that he's long forgotten with his sanity and life at stake! In Barbalien: Red Planet, the shape-shifting superhero Barbalien struggles to find his place in the world during the AIDS crisis - something made all the more difficult when a Martian enemy from the past follows him to earth to take him back, dead or alive.

From Human Trafficking to Human Rights Alison Brysk 2012-01-31 Over the last decade, public, political, and scholarly attention has focused on human trafficking and contemporary forms of slavery. Yet as human rights scholars Alison Brysk and Austin Choi-Fitzpatrick argue, most current work tends to be more descriptive and focused on trafficking for sexual exploitation. In *From Human Trafficking to Human Rights*, Brysk, Choi-Fitzpatrick, and a cast of experts demonstrate that it is time to recognize human trafficking as more a matter of human rights and social justice, rooted in larger structural issues relating to the global economy, human security, U.S. foreign policy, and labor and gender relations. Such reframing involves overcoming several of the most difficult barriers to the development of human rights discourse: women's rights as human rights, labor rights as a confluence of structure and agency, the interdependence of migration and discrimination, the ideological and policy hegemony of the United States in setting the terms of debate, and a politics of global justice and governance. Throughout this volume, the argument is clear: a deep human rights approach can improve analysis and response by recovering human rights principles that match protection with empowerment and recognize the interdependence of social rights and personal freedoms. Together, contributors to the volume conclude that rethinking trafficking requires moving our orientation from sex to slavery, from prostitution to power relations, and from rescue to rights. On the basis of this argument, *From Human Trafficking to Human Rights* offers concrete policy approaches to improve the global response necessary to end slavery responsibly.

Mapping AIDS Lukas Engelman 2018-11-08 Offers an innovative study of visual traditions in modern medical history through debates about the causes, impact and spread of AIDS.

Human Trafficking, The Bible and the Church Marion L. S. Carson 2017-05-26 Whilst the philosophical battle against slavery might have been won, human trafficking is very much a problem for our time and continues to spark rigorous debate among Christians wrestling with what God's justice might look like today. Can the Bible, whose teaching on slavery is so at odds with our contemporary worldview, inform efforts to end human trafficking, and if so, how? In "Human Trafficking, the Bible, and the Church" Marion Carson offers a profound, interdisciplinary account of how Christians have engaged with slavery in the past, and how they might respond in the future. Whilst rigorously scholarly and painstakingly researched, this is at the same time a highly readable book that will refresh our own understanding and help shape our responsibility to bring about change.

28 Stories über Aids in Afrika Stephanie Nolen 2007 28 Lebensgeschichten von Afrikanern, deren Leben von HIV bestimmt wird: 28 Stories, die sinnbildlich für die 28 Millionen Menschen stehen, die in den nächsten 5 Jahren auf dem Kontinent an AIDS sterben werden.

Intersections: Gender, HIV, and Infrastructure Operations Asian Development Bank 2015-01-01 The Asian Development Bank (ADB) is committed to mainstream gender equality

approaches in all sectors of its operations. This publication assesses the nexus between gender inequalities, HIV spread, and infrastructure development. A desk review and comparative analysis of existing infrastructure sector policies, legal and regulatory frameworks related to HIV prevention in Cambodia, the People's Republic of China, India, Papua New Guinea, and Tajikistan identifies factors which may contribute to promote an effective response to the epidemic. The assessment of and field visits in selected ADB transport project sites identified promising practices for a more sustainable and gender-inclusive response to the epidemic.

Assessing Evidence to improve Population Health and Wellbeing Carmen Aceijas 2011-07-01
Written to support practitioners undertaking a Masters in public health, this book considers the main concepts, issues and methodologies of the second core competence of the Public Health Skills and Career Framework: 'Assessment of evidence of the effectiveness of interventions, programmes and services to improve population health and wellbeing'. Coverage includes the theoretical definition of evidence and its use in public health, the role of critical appraisal methods and tools in evidence assessment and how Effectiveness, Efficiency and Quality inform evidence. The book is packed with case studies and activities to help link theory and practice and prompt personal reflection.

Männerphantasien Klaus Theweleit 2019-11-29 Vor 40 Jahren erschien mit
Männerphantasien Klaus Theweileits große Untersuchung über die sexuelle, psychologische und soziopolitische Vorgeschichte des Nationalsozialismus in der Weimarer Republik. Das Werk, das für viele als Auftakt der Männerforschung in Deutschland gilt, ist längst zu einem Klassiker auch der Gewaltforschung geworden. Angesichts der Rückkehr rechten Straßenterrors und faschistoider Positionen, die viele schon an Weimarer Verhältnisse denken lassen, sowie von Propagandafeldzügen gegen freiere Sexualitäten - Stichwort: "Genderwahn" - sind die Analysen des Buches viel zu brennend, um es im Regal der großen Werke ins Archiv zu stellen. In dieser um ein langes Nachwort des Autors ergänzten Neuausgabe wird Theweileits epochales Werk nun endlich wieder verfügbar und diskutierbar, politisch neu nutzbar.

Cosmopolitan Sexualities Ken Plummer 2016-09-26 How are we to live with the wide varieties of sexuality and gender found across the rapidly changing global order? Whilst some countries have legislated in favour of same-sex marriage and the United Nations makes declarations about gender and sexual equality, many countries across the world employ punitive responses to such differences. In this compelling and original study, Ken Plummer argues the need for a practical utopian project of hope that he calls 'cosmopolitan sexualities'. He asks: how can we connect our differences with collective values, our uniqueness with multiple group belonging, our sexual and gendered individualities with a broader common humanity? Showing how a foundation for this new ethics, politics and imagination are evolving across the world, he discusses the many possible pitfalls being encountered. He highlights the complexity of sexual and gender cultures, the ubiquity of human conflict, the difficulties of dialogue and the problems with finding any common ground for our humanity. Cosmopolitan Sexualities takes a bold critical humanist view and argues the need for positive norms to guide us into the future. Highlighting the vulnerability of the human being, Plummer goes in search of historically grounded and potentially global human values like empathy and sympathy, care and kindness, dignity and rights, human flourishing and social justice. These harbour visions of what is acceptable and unacceptable in the sexual and intimate life. Clearly written, the book speaks to important issues of our time and will interest all those who are struggling to finding ways to live

together well in spite of our different genders and sexualities.

Die Entdeckung des gesellschaftlichen Unbewussten. Zur Neubestimmung der Psychoanalyse Erich Fromm 2015-11-03 Nirgendwo sonst schreibt Erich Fromm über sein eigenes Verständnis von Psychoanalyse so klar und deutlich wie in den Beiträgen dieses Bandes, die Ende der Sechziger Jahre entstanden sind. Geschrieben wurden sie für ein nie vollendetes großes Werk, in dem Fromm seine humanistische und dialektische Revision der Psychoanalyse ausführlich zur Darstellung bringen wollte. Eindringlich zeigt er, welche Bedeutung das gesellschaftliche Verdrängte für die Neubestimmung des Unbewussten hat. Auch enthalten die Beiträge wichtige Ausführungen über Fromms Ansichten zur therapeutischen Praxis, und hier spricht er erstmals von der transtherapeutischen Psychoanalyse. Jede Revision der Psychoanalyse muss sich insbesondere mit der Frage auseinandersetzen, welche Bedeutung die Sexualität für das psychische Geschehen hat. Dass der Sexualität bei der Entwicklung wichtiger psychischer Strebungen und Wünsche nicht die Rolle zukommt, die ihr Freud zumaß, hatte Fromm schon in den Dreißiger Jahren gezeigt. Welche Bedeutung hingegen die Gesellschaft hat, verdeutlicht Fromm vor allem an der sadistischen Perversion. Die Neuformulierung der psychoanalytischen Perversionenlehre führt ihn dabei ganz automatisch immer wieder zur Kritik an Herbert Marcuse. Wer sich über Fromms Neubestimmung der Psychoanalyse kundig machen will, findet in diesem Band eine gut verständliche und erhellende Zusammenfassung. Aus dem Inhalt • Über meinen psychoanalytischen Ansatz • Die Notwendigkeit der Revision der Psychoanalyse • Die dialektische Revision der Psychoanalyse • Sexualität und sexuelle Perversionen • Der angebliche Radikalismus von Herbert Marcuse

Spillover David Quammen 2020-05-11 Der tödliche Sprung vom Tier zum Menschen Lebensbedrohende Infektionskrankheiten wie AIDS, Ebola, Virusgrippen, SARS und aktuell Covid-19 können sich dank der Globalisierung schnell über große Räume verbreiten und Epidemien oder gar Pandemien auslösen. Ihnen ist eines gemeinsam: Die Erreger sprangen vom Tier auf den Menschen über – der sogenannte Spillover. In einem ebenso spannend erzählten wie beunruhigenden Buch schildert der preisgekrönte Wissenschaftsautor David Quammen wie und wo bevorzugt Viren, Bakterien und andere Erreger auf den Menschen übertragen werden. Er begleitet Forscher bei der Suche nach dem Ursprung der Seuchen unter anderem zu Gorillas in den Kongo, beobachtet sie bei der Arbeit mit Fledermäusen in China und Affen in Bangladesch und erklärt, warum die Gefahr des Spillover gestiegen ist. Ein Wissenschaftsthiller über die steigende Gefahr von Pandemien in der globalisierten Welt.

Drogen Johann Hari 2015-11-26 "Hari vereint präzise Recherche mit einer zutiefst menschlichen Erzählung. Dieses Buch wird eine dringend notwendige Debatte auslösen." Glenn Greenwald Der Krieg gegen die Drogen gilt inzwischen als gescheitert, der Handel mit Drogen ist ein blühendes Geschäft, alle Maßnahmen gegen den Konsum sind weitgehend erfolglos. Woran liegt das? Der britische Journalist Johann Hari begibt sich auf eine einzigartige Reise – von Brooklyn über Mexiko bis nach Deutschland – und erzählt die Geschichten derjenigen, deren Leben vom immerwährenden Kampf gegen Drogen geprägt ist: von Dealern, Süchtigen, Kartellmitgliedern, den Verlierern und Profiteuren. Mit seiner grandiosen literarischen Reportage schreibt Hari sowohl eine Geschichte des Krieges gegen Drogen als auch ein mitreißendes und streitbares Plädoyer zum Umdenken. "Hervorragender Journalismus, packend erzählt." Naomi Klein "Phantastisch!" Noam Chomsky

Sociology and Health Peter Morrall 2009-03-04 This lively, introductory text provides students and health practitioners with the foundations of a sociological understanding of health issues.

Written for anyone who is interested in health and disease in contemporary global society, this book engages the reader to act upon their occupational and moral responsibilities. It explains the key sociological theories and debates with humour and imagination in a way that will encourage an inquisitive and reflective approach on the part of any student who engages with the text. With individual chapters covering sociology, health, science, power, medicalisation, madness happiness, sex, violence and death, *Sociology and Health* is organized so that the student moves through sociological approaches and themes which constantly recur in the experience of healthcare. Students will find this a readable and controversial text which covers the ground they need to know in a thought-provoking way. Lecturers will find it a helpful text for generating discussion in tutorials and seminars. There are summaries at the end of each chapter, suggestions for further reading and ideas for the reader.

Mitternacht im Pera Palace Charles King 2015-03-06 WORUM GEHT ES? "Mitternacht im Pera Palace" erz ä hlt die faszinierende Geschichte des Aufbruchs Istanbuls in die Moderne zu Beginn des 20. Jahrhunderts. Schauplatz der rasanten Entwicklung ist das elegante Hotel Pera Palace, dessen G ä ste Geschichte schrieben: Von Agatha Christie ü ber Atat ü rk und Trotzki bis zu Geheimagenten aller L ä nder checkte ein, wer den Lauf der Welt ver ä nderte. Ein wunderbar stimmungsvolles Portr ä t Istanbuls von den "Swinging Twenties" bis zum Ende des Zweiten Weltkriegs. WAS IST BESONDERS? Istanbuls Aufbruch in die Moderne, mitrei ß end erz ä hlt vor dem Panorama europ ä ischer Geschichte, am Beispiel eines Grand Hotels und seiner illustren G ä ste. WER LIEST? • Alle Istanbul-Fans und die, die es noch werden wollen • Leser von Geert Mak, David Abulafia und Karl Schl ö gel • Jeder, der kulturhistorisch interessiert ist

Routledge Handbook of Sexuality Studies in East Asia Mark McLelland 2014-09-15 This collection brings together cutting-edge work by established and emerging scholars focusing on key societies in the East Asian region: China, Taiwan, Hong Kong, Japan, North and South Korea, Mongolia and Vietnam. This scope enables the collection to reflect on the nature of the transformations in constructions of sexuality in highly developed, developing and emerging societies and economies. Both Japan and China have established traditions of 'sexuality' studies reflecting longstanding indigenous understandings of sex as well as more recent developments which interface with Euro-American medical and psychological understandings. Authors reflect upon the complex colonial and economic interactions and cultural flows which have affected the East Asian region over the last two centuries. They trace local flows of ideas instead of defaulting to Euro-American paradigms for sexuality studies. Through looking at regional and global exchanges of ideas about sexuality, this volume adds considerably to our understanding of the East Asian region and contributes to wider discussions of social transformation, modernisation and globalisation. It will be essential reading in undergraduate and graduate programs in sexuality studies, gender studies, women ' s studies and masculinity studies, as well as in anthropology, sociology, history, cultural studies, area studies and health sciences.

The Wisdom of Whores: Bureaucrats, Brothels, and the Business of AIDS Elizabeth Pisani 2009-09-21 "[A] rollicking, eye-opening, hilarious account of the underbelly of international AIDS research." –Carlin Romano, Philadelphia Inquirer As an epidemiologist researching AIDS, Elizabeth Pisani has been involved with international efforts to halt the disease for fourteen years. With swashbuckling wit, fierce honesty, and more than a little political incorrectness, she dishes on herself and her colleagues as they try to prod reluctant governments to fund HIV prevention for the people who need it most: drug injectors, gay men,

sex workers, and johns. With verve and clarity, Pisani shows the general reader how her profession really works; how easy it is to draw wrong conclusions from “objective” data; and, shockingly, how much money is spent so very badly.
