Couchsurfing in China Stephan Orth 2019-03-01 Wie ticken die Menschen in China? Drei Monate lang erkundet Couchsurfer Stephan Orth das Reich der Mitte: vom Spielerparadies Macao im Süden bis nach Dandong an der Grenze zu Nordkorea, von Shanghai bis in die Krisenprovinz Xinjiang. Er besucht Hightech-Metropolen, die mit totaler Überwachung experimentieren, und abgeschiedene Dörfer, in denen fürs Willkommensessen der Hund geschlachtet wird. Er wird als Gast einer Live-Fernsehshow zensiert und in einer verbotenen Sekte bei. Dabei wird immer deutlicher, wie sich das Leben hinter den Kulissen der ne Supermacht gestaltet, welche Träume und Ängste die Menschen bewegen: Und plötzlich wirkt das schon durchschaubare China viel weniger fremd, als man vermutet hätte.

Scenario-Based Training with X-Plane and Microsoft Flight Simulator
Bruce Williams 2011-12-28 Fly toward pilot certification with these real-world scenario exercises Although PC-based flight simulations have been available for 30 years, many pilots, instructors, and flight schools don't understand how best to use them in real-world flight training and pilot proficiency programs. This invaluable reference bridges the gap between simulation tools and real-world situations by presenting hands-on, scenario-based exercises and training techniques for the private pilot certificate and instrument rating. As the first of its kind based on FAA-Industry Training Standards (FITS), this book steers its focus on a scenario-based curriculum that emphasizes real-world flight situations. Experienced pilot and author Bruce Williams ultimately aims to engage the pilot, reinforce the "realistic" selling point of PC-based flight simulations, while also complementing the FAA-approved FITS syllabi. Serves as essential reading for pilots who want to make effective use of simulation in their training while expanding their skill level and enjoyment of flying Covers private pilot real-world scenarios and instrument rating scenarios Includes a guide to recommended websites and other resources Features checklists, charts as well as a glossary You'll take off towards pilot certification with this invaluable book by your side

Der lange Weg zur Freiheit Nelson Mandela 2014-01-25 »Ich bin einer von ungezählten Millionen, die durch Nelson Mandelas Leben inspiriert wurden.« Barack Obama Eine fast drei Jahrzehnte währende Gefängnisstrafe ließ Nelson Mandela zum Mythos der schwarzen Befreiungsbewegung werden. Kaum ein anderer Politiker unserer Zeit symbolisiert heute in solchem Maße die Friedenshoffnungen der Menschheit und den Gedankengang der Aussöhnung aller Rassen wie der ehemalige südafrikanische Präsident und Friedensnobelpreisträger. Auch nach seinem Tod finden seine ungebrochene Charakterstärke und Menschenfreundlichkeit die Bewunderung aller friedenswilligen Menschen auf der Welt. Mandelas Lebensgeschichte ist über die politische Bedeutung hinaus ein spannend zu lesendes, kenntnis- und faktenreiches Dokument menschlicher Entwicklung unter Bedingungen und Fährnissen, vor denen die meisten Menschen innerlich wie äußerlich kapituliert haben dürften.
